Congress of the United States
House of Representatives
Washington, DC 20515-3604

December 3, 2008

Mr. Mike Greene, Director
Homeland Security Solutions
BAE Systems
PO Box 868
Nashua, NH 03061-0868

Dear Mr. Greene:

I would like to take this opportunity to express my gratitude to you and the leadership of BAE Systems for your recent contribution to the emergency first responders of Grady County.

By donating and installing communication units and providing the necessary training, you have effectively helped to bridge the communication gap between the brave individuals who serve the citizens of Grady County. This gift will no doubt make the difference during a crisis situation and provide the lifesaving tools these fine men and women need to perform their duties as seamlessly as possible. BAE Systems has made a significant investment in Oklahoma and its people. This is just another example of the fine corporate citizenship we have come to know and expect.

Thanks to you and the BAE Systems family for your continued public service and for giving back to those who serve communities in Oklahoma.

Sincerely,

Tom Cole
Member of Congress
