

# BAE Systems, Inc. Source to Pay (S2P)

Information for Suppliers – December 2025

As we approach the end of 2025, we want to take a moment to reflect on the progress we've made and express our gratitude for your partnership and support.

## A Successful launch and what's next

We're thrilled to report that our Ivalua implementation was a success! Our teams worked tirelessly to ensure a smooth transition, and we're grateful for the trust and collaboration you showed us throughout this process. Your feedback and input were invaluable, and we're excited to see the benefits of this new platform come to life.

## Enhancements and new functionality

In 2026, we'll introduce additional modules, including Purchase Orders, Purchase Order Acknowledgement, Forecasting, Receipts, Advanced Ship Notices and AP Automation (PO flip to invoice). These modules will give you more visibility into your orders and enhance our procurement processes. We're also excited to launch a new Ivalua AI Tool in Q1 2026, which will give us new capabilities and enhance our collaboration.

## Resources and support

We're aware that the transition may still be causing some challenges, and we're working hard to enhance our support and services. If you're experiencing difficulties, please attend our office hours for expert assistance from our subject matter experts. We're committed to providing ongoing support and resources to help you succeed.

Office hours will continue to be hosted, allowing you to connect with us and get the help you need. The schedule is provided below. To access the meeting, simply click on the event link or copy the hyperlink from the meeting invite and paste it into your web browser.
