

# BAE Systems, Inc. Source to Pay (S2P)

Information for Suppliers – January 2026

Happy New Year from the Source to Pay program team! We hope that you were able to take some down time at the end of 2025 and spend it with friends and loved ones.

## 2026 Kicks off Phase 2 of our Implementation

Our in-person planning session happened this month for Phase 2 and we are excited for the features and functionality we look to provide in 2026. As mentioned last month we'll be turning on additional modules which will give supply chain professionals and suppliers more data and visibility into their orders right at their fingertips. We're also excited to launch a new Ivalua AI Tool in Q1 2026, called IVA which will give us new capabilities and enhance our procurement processes.

## Survey Request

In February you will receive a survey within Ivalua seeking your feedback on your experience with the transition to this source to pay platform. We encourage you to take 5 minutes to provide feedback to help us directly inform future enhancements and help us shape how we continue to evolve our supplier experience.

## Resources and support

We're aware that the transition may still be causing some challenges, and we're working hard to enhance our support and services. If you're experiencing difficulties, please attend our office hours for expert assistance from our subject matter experts. We're committed to providing ongoing support and resources to help you succeed.

Office hours will continue to be hosted, allowing you to connect with us and get the help you need. The schedule is provided below. To access the meeting, simply click on the event link or copy the hyperlink from the meeting invite and paste it into your web browser. Can't attend an office hours meeting? Contact our [Ebusiness@baesystems.us](mailto:Ebusiness@baesystems.us) email address and we will get back to you as soon as possible!
