

## Bringing **your family** to KSA

Whether you join us on your own, or with your family, you can expect to enjoy a superb new lifestyle. All the practicalities of daily life are catered for, with accommodation and utilities provided free of charge. You and your family will have our full support whilst living with us, with accommodation, excellent facilities, including medical centres, schools, shops, swimming pools and gyms as well as the opportunity to explore your surroundings and further afield.

## Family **VISA's**

On successfully securing a role, your appointment to Saudi Arabia will initially be on single status basis. On commencement of your employment in Saudi Arabia you then have the opportunity to apply to have your family join you in the future. It is also relatively easy for other family members to visit the Kingdom and you would need to follow the Tourist VISA application process for this.

## Education

All compound schools (base dependant) are run under the British School Curriculum. Class sizes are small, providing more opportunity to develop communication and interpersonal skills.

## Medical Support

Medical care to our employees and their families is very important and we offer a full on-compound health care scheme. These facilities are available 24 hours a day, 365 days a year, including emergency response with local hospitals.

## What **our people** say?

“We live in Riyadh, which is like living in any Capital city I suppose – busy at night, busy at weekends, lots of restaurants and eateries, lots of things to do, and a major international airport on your doorstep to fly anywhere you want.”

“My main highlight from a Lifestyle perspective would definitely be the opportunity to travel and attend sporting events, in particular going to Qatar for the World Cup and watching Anthony Joshua boxing in Riyadh and Jeddah.”

In pursuit of the perfect weekend?
