

ACTIVITY EXAMPLE

TO DO:

Make a chair large enough and strong enough for ALL Three Bears to sit on!

Does it need any reinforcements?

Make sure it's strong.

Have a sit on it.

TIP: Think about how many are to sit on the chair - what will make it strong and safe?

TAKE CARE:

In all of these activities please make sure you are working safely. Please have fun but supervise your children to make sure your environment is safe and you take care with any craft equipment or materials you are using. Engineers and Scientists always do!
