

# TELECOMMUNICATIONS SOLUTIONS AND SUPPORT

BAE SYSTEMS AUSTRALIA

---

---

## WE'VE PROUDLY SUPPORTED THE OIL AND GAS INDUSTRY WITH HIGH-INTEGRITY TELECOMMUNICATION SOLUTIONS AND SUPPORT FOR MORE THAN 30 YEARS.

---

BAE Systems Australia employs more than 4,000 people to support customers across oil and gas, resources and defence industries.

Our experienced team designs, builds and installs integrated solutions to provide high-integrity telecommunications.

Our services range from feasibility studies to full turnkey solutions to ongoing maintenance.

As systems integrators, we ensure that delivered systems meet customer requirements for system performance, dependability and low operating life cycle costs.

At our Western Australian, South Australian and Victorian sites, we have fully equipped offices and workshops to provide customised solutions for oil and gas customers.

### CAPABILITIES

- Telecommunications & electronic systems design and engineering
- Project management
- Supply and assembly of equipment
- System integration
- Installation
- Commissioning
- Maintenance and support

### PROJECTS

We have successfully delivered telecommunications solutions to more than 10 oil and gas projects, both onshore and offshore, in the Bonaparte (NT), Carnarvon (WA) and Gippsland (VIC) Basins.

In addition, we have delivered projects for electrical and water utilities and high-profile Australian customers.

### MAINTENANCE AND SUPPORT

Our engineers and technicians are trained to work in, understand and comply with site and safety conditions for offshore platforms and onshore plant maintenance.

We provide round-the-clock system support and can deploy people at short notice to remote locations when urgent repairs are needed.

### TELECOMMUNICATION SYSTEMS

We specialise in:

- Public Address and General Alarm
- Global maritime distress safety
- Platform radio
- VHF and HF radio
- Aviation radio
- Radio management
- Satellite communication
- Microwave radio
- Inmarsat services
- Entertainment
- CCTV
- Telephone
- Data
- Radar and navigation
- Meteorology

Supplier Number: 142480
