The restrictions on the transfer of export controlled data apply equally to data furnished by BAE SYSTEMS and to any such data incorporated in documents generated by SELLER. Additionally, no disclosure of data furnished by BAE SYSTEMS can be made unless and until BAE SYSTEMS has considered the request and provided its written approval through contractually authorized channels. SELLER will strictly comply with the conditions in any such approval and in the export license or other Government authorization for such disclosure.
- d) Further, a United States Government export license, export agreement, or applicable license exemption or exception shall be obtained by SELLER prior to the transfer of any export-controlled item, data or services to any U.S. Person that is employed by any "Foreign person" within the meaning of 22 C.F.R. 120.16.
- e) SELLER shall notify in writing the BAE SYSTEMS Procurement Representative if any use, sale, import or export by BAE SYSTEMS of Work to be delivered under this Contract is restricted by any export control laws or regulations applicable to SELLER.
- f) SELLER shall immediately notify in writing the BAE SYSTEMS Procurement Representative if SELLER is listed in any Denied Parties List or if SELLER'S export privileges are otherwise denied, suspended or revoked in whole or in part by any government entity or agency.
- g) If SELLER is engaged in the business of either exporting or manufacturing (whether exporting or not) defense articles or furnishing defense services, SELLER represents that it maintains an effective export/import compliance program in accordance with the ITAR and it is registered with the United States Office of Defense Trade Controls (unless covered by one of the exemptions set forth in 22 C.F.R. 122.1) as required by the ITAR.
- h) Where SELLER is a signatory under a BAE SYSTEMS export license or export agreement (e.g. Technical Assistance Agreement, Manufacturing License Agreement), SELLER shall provide

immediate written notification to the BAE SYSTEMS Procurement Representative in the event of changed circumstances affecting said license or agreement.

- i) Failure of the United States Government or any other government to issue any required export or import license, or withdrawal/termination of a required export or import license by the United States Government or any other government, shall relieve BAE SYSTEMS of its obligations under this Contract. Provided that SELLER has diligently pursued obtaining such license and, through no fault of SELLER, such license has been denied, withdrawn, or terminated, SELLER shall also be relieved of its obligation under this Contract. In either event, this Contract may be terminated by BAE SYSTEMS without additional cost or other liability.
- j) If the technical data required to perform this Contract is subject to the United States International Traffic in Arms Regulations (ITAR), SELLER shall comply with all export licenses, and the following:
 - i. The technical data shall be used only in performance of Work required by this Contract; and
 - ii. The data shall not be disclosed to any Non-U.S. Person, including lower-tier subcontractors within the same country, unless said person is expressly authorized pursuant to an export license or export agreement. The restrictions on the disclosure of export-controlled data apply to both data furnished by BAE SYSTEMS and to any such data incorporated in documents generated by SELLER; and
 - iii. Any rights in the data may not be acquired by SELLER or any other Non-U.S. Person; and
 - iv. SELLER shall return, or at BAE SYSTEMS' direction, destroy all of the technical data exported to SELLER pursuant to this Contract upon fulfillment of its terms; and
 - v. Unless otherwise expressly directed by BAE SYSTEMS, SELLER shall deliver the Work only to BAE SYSTEMS or to an agency of the U.S. Government.
- k) SELLER acknowledges and confirms that if under this contract SELLER manufactures, exports, or brokers defense articles, related technical data or defense services as defined on the United States Munitions List (Part 121 of the ITAR), SELLER is so registered with the Directorate of Defense Trade Controls (DDTC), Department of State. (applicable to companies operating in the U.S. only).

- m) **Export Classification (When specifically requested by BAE Systems)**
 - a. SELLER shall notify BAE SYSTEMS if any deliverable under this Subcontract/PO, for which BAE SYSTEMS is not the design authority, is subject to U.S. export and import control laws and regulations described in Section 20 Export Control. Before providing BAE SYSTEMS any deliverable subject to the EAR or the ITAR, SELLER shall provide in writing to the BAE SYSTEMS's Procurement Representative the export classification
 - i. Dual use goods and technology subject to the EAR, including any embedded ITAR-controlled or EAR 500 or 600 series' item or technology;
 - ii. Defense article, including any technical data, controlled by the ITAR;

- c. SELLER represents that an official authorized to bind the SELLER has determined that the SELLER or the design, manufacturer, supplier or other source of the deliverable has properly determined their export classification.

21. DISPUTES/JURY WAIVER (See BAE SYSTEMS Ship Repair Inc. Addendum for additional terms applicable to this Disputes/Jury Waiver section for work performed for BAE SYSTEMS Ship Repair Inc. and its subsidiaries.)

- a) All disputes arising from or related to this Contract, which are not disposed of by mutual agreement may be decided by recourse to an action at law or in equity in accordance with subparagraph (b) of this provision. Until final resolution of any dispute hereunder, SELLER shall diligently proceed with the performance of this Contract as directed by the BAE SYSTEMS Procurement Representative.
- b) BAE SYSTEMS and SELLER agree to timely notify each other of any claim, dispute or cause of action arising from or related to this Contract, and to negotiate in good faith to resolve any such claim, dispute or cause of action. To the extent that such negotiations fail, BAE SYSTEMS AND SELLER AGREE THAT ANY LAWSUIT OR CAUSE OF ACTION THAT ARISES FROM OR IS RELATED TO THIS CONTRACT SHALL BE FILED WITH AND LITIGATED ONLY IN A COURT OF COMPETENT JURISDICTION WITHIN THE STATE FROM WHICH THIS CONTRACT WAS ISSUED; AND BAE SYSTEMS AND SELLER EACH HEREBY CONSENT AND AGREE TO THE PERSONAL JURISDICTION AND VENUE OF ANY STATE OR FEDERAL COURT OF COMPETENT JURISDICTION LOCATED WITHIN THE STATE FROM WHICH THIS CONTRACT WAS ISSUED WITH RESPECT TO ANY SUCH CLAIM, DISPUTE OR CAUSE OF ACTION AND WAIVE ANY DEFENSE OR OBJECTION TO THE EXERCISE OF PERSONAL JURISDICTION AND/OR VENUE BY ANY SUCH COURT. (For BAE SYSTEMS Ship Repair Inc. (and its subsidiaries) orders originating in California, please see the BAE SYSTEMS Ship Repair Inc. Addendum for further Disputes language.)
- c) TO THE EXTENT PERMITTED BY APPLICABLE LAWS, BAE SYSTEMS AND SELLER EACH WAIVE ANY RIGHTS WHICH EITHER MAY HAVE TO TRIAL BEFORE A JURY OF ANY DISPUTE ARISING FROM, OR RELATED TO, THIS CONTRACT. SELLER AND BAE SYSTEMS FURTHER STIPULATE AND CONSENT THAT ANY SUCH LITIGATION BEFORE A COURT OF COMPETENT JURISDICTION SHALL BE NON-JURY.

22. WAIVER, APPROVAL AND REMEDIES

- a) Failure by BAE SYSTEMS to enforce any provision(s) of this Contract shall not be construed as a waiver of the requirement(s) of such provision(s), or as a waiver of the right of BAE SYSTEMS thereafter to enforce each and every such provision(s).
- b) BAE SYSTEMS' approval of documents shall not relieve SELLER from complying with any requirements of this Contract.
- c) The rights and remedies of BAE SYSTEMS in this Contract are cumulative and in addition to any other rights and remedies provided by law or in equity.

Section 1C: Quality/Product Control Provisions

23. QUALITY CONTROL SYSTEM

- a) SELLER agrees to provide and maintain a quality control system to an industry recognized Quality Standard and to provide access to SELLER's facilities at all reasonable times by BAE SYSTEMS, authorized Customer representatives, and Regulatory Authorities. SELLER agrees to include, and to require its subcontractors to

include, the substance of this provision, including this sentence, in each of its subcontracts under this Contract. Further, SELLER shall be in compliance with any other specific quality requirements identified in this Contract.

- b) Records of all quality control inspection work by SELLER shall be kept complete and available to BAE SYSTEMS and its Customers.
- c) SELLER agrees to notify BAE SYSTEMS Procurement Representative of product that does not meet the requirements of this order that cannot be reworked to compliance. Written Approval will be required by BAE SYSTEMS Procurement Representative prior to SELLER's shipment of nonconforming material to BAE SYSTEMS. Additionally, SELLER shall notify BAE SYSTEMS Procurement Representative if SELLER discovers that previously delivered product does not meet the requirements of this order.
- d) SELLER agrees to notify BAE SYSTEMS Procurement Representative with changes in product and/or process which affect compliance with applicable Specifications, technical Data Sheets, or reliability of the product, changes of suppliers, and changes of manufacturing facility locations.
- e) All hardware, data, other documentation, tooling and equipment required by SELLER during the performance of this order shall be maintained under configuration control. BAE SYSTEMS' approval of the drawing package shall constitute a baseline release for hardware fabrication. BAE SYSTEMS' approval of other such documentation shall likewise constitute a baseline release for applicable activities. Upon receipt of such approval, the SELLER shall not implement any change in design, processes, controls, parts or proprietary data released to BAE SYSTEMS thereafter to internal functions or second-tier suppliers without BAE SYSTEMS' prior written approval.
- f) The SELLER shall submit Major Engineering Change Orders (ECO's) to BAE SYSTEMS for written approval prior to implementing any such changes. BAE SYSTEMS' approval shall in no way relieve the SELLER from complying with the requirements of the order, nor shall approval relieve the SELLER's technical responsibility for the design. The SELLER shall further submit Minor ECO's for informational purposes. Any SELLER classification disagreements shall be referred to BAE SYSTEMS for a final decision.
- g) SELLER shall maintain a Foreign Object Debris/Damage (FOD) prevention program. When applicable, SELLER's FOD prevention program shall include:
 - i. The review of design and manufacturing processes to identify and eliminate foreign object entrapment areas and paths through which foreign objects can migrate.
 - ii. SELLER shall employ appropriate housekeeping practices to ensure timely removal of residue/debris, if any, generated during manufacturing operations or tasks.
 - iii. SELLER shall determine if sensitive areas that may have a high probability for introduction of foreign objects should have special emphasis controls in place appropriate for the manufacturing environment.
 - iv. By delivering items to BAE SYSTEMS, SELLER shall be deemed to have certified to BAE SYSTEMS that such items are free from any foreign material that could result in FOD.

24. TIMELY PERFORMANCE

- a) SELLER's timely performance is a critical element of this Contract.
- b) Unless advance shipment has been authorized in writing by the BAE SYSTEMS Procurement Representative, BAE SYSTEMS may store at SELLER's expense, or return, shipping charges collect, all Work received in advance of the scheduled delivery date.

- c) If SELLER becomes aware of difficulty in performing the Work, SELLER shall timely notify BAE SYSTEMS, in writing, giving pertinent details. This notification shall not change any delivery schedule.
- d) In the event of a termination or change, no claim will be allowed for any manufacture or procurement in advance of SELLER's normal flow time unless there has been prior written consent by BAE SYSTEMS' Procurement Representative.

25. INSPECTION AND ACCEPTANCE

- a) BAE SYSTEMS and its Customer may inspect all Work at reasonable times and places, including, when practicable, during manufacture and before shipment. BAE SYSTEMS shall perform such inspections in a manner that will not unduly delay the Work. SELLER shall provide all information, facilities, and assistance necessary for safe and convenient inspection without additional charge.
- b) No such inspection (or election not to inspect) shall relieve SELLER of its obligations to furnish all Work in strict accordance with the requirements of this Contract. BAE SYSTEMS' final inspection and acceptance shall be at destination.
- c) If SELLER delivers non-conforming Work, BAE SYSTEMS may:
 - (i) accept all or part of such Work at an equitable price reduction;
 - (ii) reject such Work; or
 - (iii) make, or have a third party make all repairs, modifications, or replacements necessary to enable such Work to comply in all respects with Contract requirements and charge the cost incurred to SELLER.
- d) When Work is not ready at the time specified by SELLER for inspection, BAE SYSTEMS may charge to SELLER the additional cost of inspection.
- e) BAE SYSTEMS may also charge SELLER for any costs of additional inspection and/or transportation when rejection makes re-inspection necessary.
- f) SELLER shall not re-tender rejected Work without disclosing the corrective action taken.
- g) SELLER shall not tender finished goods to BAE SYSTEMS which have been returned from another customer without prior written approval from BAE SYSTEMS Procurement Representative. Such approval requests shall include a full explanation of SELLER's verification process for those goods. For returned goods to be considered for acceptance by BAE SYSTEMS, an Authorized/Franchised Distributor must include acceptance of returned goods for resale as part of its counterfeit/fraudulent parts risk management plan.

26. COUNTERFEIT PARTS: PREVENTION AND NOTIFICATION

- a) Definitions for purposes of this Contract:
 - i. "Counterfeit Part" is one that is (1) an unauthorized copy or substitute that has been identified, marked, and/or altered by a source other than the item's legally authorized source and has been misrepresented to be an authorized item of the legally authorized source and/or (2) previously used parts provided as "new." A part is a "Suspect Counterfeit Electronic Part" if visual inspection, testing, or other information provides reason to believe that the part may be a counterfeit part.
 - ii. "Counterfeit Electronic Part" means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified electronic part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution

includes used electronic parts represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

- iii. As used herein, "authentic" shall mean (A) from the legitimate source claimed or implied by the marking and design of the product offered; and (B) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.
 - iv. "Independent Distributors" are persons and businesses that are not part of an OCM's authorized distribution chain. These also may be referred to as non-franchised distributors, unauthorized distributors or brokers.
 - v. "Electronic Part" means an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode), or a circuit assembly (section 818(f)(2) of Pub. L. 112-81).. The term "Electronic Part" includes any embedded software or firmware.
 - vi. "Original Component Manufacturer" (OCM) is an organization that designs and/or engineers a part and is pursuing or has obtained the intellectual property rights to that part.
 - vii. "Original Equipment Manufacturer" (OEM) is an organization that designs, manufactures and/or engineers an end product comprised of various parts and is pursuing or has obtained the intellectual property rights to that end product.
 - viii. "Suspect Counterfeit Electronic Part" means an Electronic Part for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Electronic Part is authentic.
- b) SELLER represents and warrants that only new and authentic materials are used in products required to be delivered to BAE SYSTEMS and that the Work delivered contains no Counterfeit Parts. No other material, part, or component other than a new and authentic part shall be used unless approved in advance in writing by the BAE SYSTEMS Procurement Representative. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, SELLER shall only purchase authentic parts/components directly from the OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. SELLER must make available to BAE SYSTEMS, at BAE SYSTEMS' request, OEM/OCM documentation that authenticates traceability of the components to that applicable OEM/OCM. Purchase of parts/components from Independent Distributors is not authorized unless first approved in writing by BAE SYSTEMS Procurement Representative. SELLER must present complete and compelling support for its request and include in its request all actions needed to ensure that the parts/components thus procured are legitimate parts. BAE SYSTEMS may additionally need to get its customer's approval of SELLER's request. Awaiting the processing of such requests shall not constitute a basis for excusable delay on part of the SELLER. BAE SYSTEMS' approval of SELLER request(s) does not relieve SELLER's responsibility to comply with all Contract requirements, including the representations and warranties in this provision.
- c) SELLER shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification to the BAE SYSTEMS Procurement Representative and his/her written approval before parts/components are procured from sources other than OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. SELLER shall provide copies of such documentation for its system for BAE SYSTEMS' inspection upon BAE SYSTEMS' request. SELLER's system shall be consistent with applicable industry standards, AS5553 as minimum, for the detection and avoidance of Counterfeit Electronic Parts and Suspect

Counterfeit Electronic Parts, including policies and procedures for training personnel, designing and maintaining systems to mitigate risks associated with parts obsolescence, making sourcing decisions, prioritizing mission critical and sensitive components, ensuring traceability of parts, developing lists of trusted and non-trusted suppliers, flowing down requirements to subcontractors, inspecting and testing parts, reporting and quarantining Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and taking corrective action.

- d) If the SELLER is providing electronic components/devices only, the following certification applies:

Certification of Origin of Product:

Acceptance of this Contract constitutes confirmation by the SELLER that it is the Original Equipment Manufacturer (OEM)/Original Component Manufacturer (OCM), or a franchised or authorized distributor of the OEM/OCM for the product herein procured. SELLER further warrants that OEM/OCM acquisition documentation that authenticates traceability of the components to that applicable OEM/OCM is available upon request. If the SELLER is not the OEM/OCM or a franchised or authorized distributor, the SELLER confirms by acceptance of this Contract that it has been authorized in writing by BAE SYSTEMS to act on BAE SYSTEMS behalf to procure from the OCM or a franchised or authorized distributor of the OEM/OCM. The SELLER further warrants that OEM/OCM acquisition traceability documentation is accurate and available to BAE SYSTEMS upon BAE SYSTEMS' request and is retained as a quality record in accordance with the "Maintenance of Records" provision contained herein.

- e) SELLER shall flow the requirements of this provision to its subcontractors and suppliers at any tier for the performance of this Contract.
- f) Notifications: Should SELLER become aware of a Counterfeit Part or Suspect Counterfeit Part that, by any means, has been delivered to BAE SYSTEMS, or acquired for this Contract whether or not delivered to BAE SYSTEMS. SELLER shall notify BAE SYSTEMS as soon as possible but not later than 7 days of discovery.. SELLER will verify receipt of this notification by BAE SYSTEMS. This requirement will survive this Contract.
- g) SELLER shall be liable for cost of Counterfeit Parts and Suspect Counterfeit Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion of such parts.
- h) SELLER shall quarantine Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and make them available for investigation by appropriate government authorities. Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts shall not be returned to the supply chain unless and until such time that the parts are determined to be authentic.

- a) Unless otherwise specified, all Work is to be packed in accordance with good commercial practice.
- b) A complete packing list shall be enclosed with all shipments. SELLER shall mark containers or packages with necessary lifting, loading, and shipping information, including the BAE SYSTEMS Contract number, item number, dates of shipment, and the names and addresses of consignor and consignee. Bills of lading shall include this Contract number.
- c) Unless otherwise specified, delivery shall be in accordance with INCOTERMS 2010 DAP at the place of BAE SYSTEMS identified in the order
- d) Work shall not be supplied in excess of quantities specified in this Contract. SELLER shall be liable for handling charges and return shipment costs for any excess quantities.

28. PARTS OBSOLESCENCE

“Obsolete Electronic Part” means an electronic part that is no longer in production by the original manufacturer or an aftermarket manufacturer that has been provided express written authorization from the current design activity or original manufacturer.

SUPPLIER shall take appropriate actions to mitigate Electronic Parts obsolescence in order to maximize the availability and use of authentic, originally designed, and qualified Electronic Parts throughout the product’s lifecycle.

BAE SYSTEMS may desire to place additional orders for items purchased hereunder. SELLER shall provide BAE SYSTEMS with a “Last Time Buy Notice” at least twelve (12) months prior to any action to discontinue any item purchased under this Contract.

SUPPLIER shall notify BAE SYSTEMS if parts they have supplied contain materials at risk of future obsolescence or supply risk due to current or proposed regulations and/or standards, either domestic or foreign.

29. WARRANTY

SELLER warrants that all Work furnished pursuant to this Contract shall strictly conform to all specifications, drawings, samples, and descriptions, and other requirements of this Contract and be free from defects in design, material and workmanship. The warranty shall begin upon final acceptance and extend for a period of one (1) year. If any non-conformity with Work appears within that time, SELLER shall promptly repair, replace, or re-perform the Work. Transportation of replacement Work and return of non-conforming Work and repeat performance of Work shall be at SELLER’s expense. If repair or replacement or re-performance of Work is not timely, BAE SYSTEMS may elect to return the nonconforming Work or repair or replace Work or re-procure the Work at SELLER’s expense. All warranties shall run to the benefit of BAE SYSTEMS and its successors and Customer(s).

30. SUSTAINABLE DEVELOPMENT

31. SOFTWARE

Open Source Software: Without the prior written approval of BAE SYSTEMS, which BAE SYSTEMS may withhold in its sole discretion, SELLER shall not incorporate any Open Source Software, including any source code governed by an Open Source license, into Work to be performed and/or delivered under this Contract. Before BAE SYSTEMS will consider providing written approval for the incorporation of such Open Source Software, SELLER shall first identify all Open Source Software proposed to be incorporated into Work to be performed and/or delivered under this Contract, including a complete source code listing of the Software comprising the Work with a description of the operation of the Software in English and machine-readable form, together with copies of any license agreements required to be accepted.

- b) IN ADDITION TO ANY OTHER LIMITATIONS ON BAE SYSTEMS’ LIABILITY SET FORTH HEREIN, IN NO EVENT SHALL BAE SYSTEMS, ITS EMPLOYEES, AGENTS OR REPRESENTATIVES BE LIABLE BY REASON OF BUYER’S BREACH OR TERMINATION OF THIS AGREEMENT OR FOR ANY BAE SYSTEMS’ ACTS OR OMISSIONS IN CONNECTION WITH THIS AGREEMENT FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY KIND, HOWEVER CAUSED, INCLUDING LOSS OF PROFITS OR REVENUE, WHETHER SUCH REMEDY IS SOUGHT IN CONTRACT, TORT, OR OTHERWISE.

33. FURNISHED PROPERTY

- a) BAE SYSTEMS may provide to SELLER property owned by either BAE SYSTEMS or its Customer (Furnished Property), or require SELLER to acquire property to be used specifically for Work under this Contract (Acquired Property). Unless previously authorized in writing by the BAE SYSTEMS Procurement Representative, Furnished Property and/or Acquired Property shall be used only for the performance of this Contract.
- b) Title to Furnished Property and/or Acquired Property shall remain in BAE SYSTEMS or its Customer as applicable. SELLER shall clearly mark (if not so marked) all Furnished Property and/or Acquired Property to show its ownership.
- c) The Furnished Property shall be supplied in “as-is” condition unless otherwise set forth in this Contract. Except for reasonable wear and tear, SELLER shall be responsible for, and shall promptly notify BAE SYSTEMS of, any loss or damage to Furnished Property and/or Acquired Property while in SELLER’s care, custody, or control. Without additional charge, SELLER shall manage, maintain, preserve, and insure Furnished Property and/or Acquired Property in accordance with good commercial practice. In the event of such loss or damage, SELLER shall immediately replace, reimburse, repair, and/or provide consideration to BAE SYSTEMS for such loss or damage as BAE SYSTEMS may require, at its sole option.

34. INTELLECTUAL PROPERTY

Subparagraphs (a) and (b) of this paragraph are NOT applicable for commercial off-the-shelf purchases unless such off-the-shelf Work is modified or redesigned pursuant to this Contract.

- a) Foreground Intellectual Property: SELLER agrees that BAE SYSTEMS shall be the sole owner of all Foreground Intellectual Property, including any modification of SELLER’S existing Intellectual Property. SELLER hereby assigns, conveys, transfers, and agrees to assign, convey or transfer all right, title, and interest in the foregoing to BAE SYSTEMS, including without limitation all copyrights, patent rights and other intellectual property rights therein and further agrees to execute, at BAE SYSTEMS’ request and expense, all assistance reasonably required and documentation necessary to perfect title therein in BAE SYSTEMS. SELLER shall maintain and disclose to BAE SYSTEMS written records of, and

otherwise provide BAE SYSTEMS with full access to, the subject matter covered by this paragraph and that all such subject matter shall be deemed information of BAE SYSTEMS and be subject to the protection provisions of the provision entitled "Information." SELLER shall assist BAE SYSTEMS, at BAE SYSTEMS' request and expense, in every reasonable way, in obtaining, maintaining, and enforcing patent and other intellectual property protection on the subject matter covered by this paragraph.

- b) Background Intellectual Property: SELLER grants and agrees that BAE SYSTEMS shall have a nonexclusive, worldwide, sub licensable, perpetual, irrevocable, paid-up, royalty-free license and right to make, have made, sell, offer for sale, use, execute, reproduce, display, modify, perform, publish, distribute, copy, prepare derivatives or compilations, and authorize others to do any, some or all of the foregoing, with respect to any and all Background Intellectual Property necessary for BAE SYSTEMS to practice or otherwise exercise its rights to Foreground Intellectual Property. SELLER shall provide all assistance reasonably required and execute all documents necessary to perfect the rights granted to BAE SYSTEMS herein. To enable SELLER to comply with the foregoing, SELLER shall ensure that each of its personnel, workers, representatives, agents and subcontractors providing services under this Contract, assign sufficient rights they have in all inventions, works for hire, project results, and the like, to SELLER.
- c) SELLER warrants that the Work performed and delivered under this Contract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country and is free and clear of all liens, licenses, claims, and encumbrances.
- d) If an injunction is obtained against BAE SYSTEMS' use of the Work or a portion thereof as a result of infringement or misappropriation of the intellectual property of any third party, SELLER shall either (i) procure for BAE SYSTEMS and Customer the right to continue using the Work or (ii) replace or modify the Work so it becomes non-infringing. The indemnity and hold harmless provision of this Contract shall not be considered an allowable cost under any provisions of this Contract except with regard to allowable insurance costs.
- e) SELLER agrees that BAE SYSTEMS is the sole owner of any intellectual property developed under this contract, and that SELLER shall have no right in such intellectual property except as specifically authorized by BAE SYSTEMS.

35. TERMINATION

a) Termination for Convenience

- i. For specially performed Work: BAE SYSTEMS may terminate part or this entire Contract for its convenience by giving written notice to SELLER. Upon receipt of such notice SELLER shall immediately: (i) cease work; (ii) prepare and submit to BAE SYSTEMS an itemization of all completed and partially completed deliverables and services; (iii) deliver to BAE SYSTEMS deliverables satisfactorily completed up to the date of termination at the agreed upon prices in this Contract; and (iv) deliver upon request any Work in process. SELLER shall use reasonable efforts to mitigate BAE SYSTEMS' liability under this paragraph by, among other actions, accepting the return of, returning to its suppliers, selling to others, or otherwise using the canceled deliverables (including raw materials or work in process) and provided such expenses do not exceed the prices set forth in this Contract. BAE SYSTEMS' only obligation shall be to pay SELLER a percentage of the price reflecting the percentage of the Work performed in accordance with the Contract schedule prior to the notice of termination, plus reasonable charges that SELLER can demonstrate to the satisfaction of BAE SYSTEMS, using generally accepted accounting principles, have resulted from the termination. SELLER shall not be paid for any Work performed or costs incurred which reasonably could have been avoided.

- ii. For other than specially performed Work: BAE SYSTEMS may terminate part or this entire Contract for its convenience by giving written notice to SELLER and BAE SYSTEMS' only obligation to SELLER shall be payment of SELLER's standard re-stocking or service charge, not to exceed ten (10) percent of the price of the terminated Work.
- iii. In either case, SELLER shall continue all Work not terminated.
- iv. In no event shall BAE SYSTEMS be liable for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the total Contract price. SELLER's termination claim shall be submitted within sixty (60) days from the effective date of the termination.

b) Termination for Default

- i. BAE SYSTEMS may, by written notice, terminate the whole or any part of this contract in any of the following circumstances:
 - a. If SELLER fails to deliver the goods or to perform the services required by this contract within the time specified herein, or any extension thereof granted by BAE SYSTEMS in writing;
 - b. If SELLER fails to perform any material provision of this contract or so fails to make progress as to endanger performance of this contract, and if in either of these two circumstances, SELLER does not cure such failure within a period of eight (8) days after receipt of written notice from BAE SYSTEMS specifying such failure;
 - c. If SELLER fails to deliver goods or to perform services required or fails to perform any material provision of other contracts issued by BAE SYSTEMS and such default causes BAE SYSTEMS to terminate those other contracts;
 - d. SELLER files or declares bankruptcy; or
 - e. In the event of suspension of SELLER'S business, insolvency, liquidation proceedings by or against SELLER, appointment of a trustee or receiver for SELLER's property or business, or any assignment, reorganization or arrangement by SELLER for the benefit of creditors.
- ii. If BAE SYSTEMS terminates this contract in whole or in part, it may acquire, under the terms and in the manner BAE SYSTEMS considers appropriate, goods or services similar to those terminated, and SELLER will be liable to BAE SYSTEMS for any excess costs for those goods or services. However, SELLER shall continue the work not terminated.
- iii. BAE SYSTEMS may require SELLER to transfer title and deliver to BAE SYSTEMS in the manner and to the extent directed by BAE SYSTEMS for –
 - a. Any completed goods, and
 - b. Such partially completed goods and such materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights, (hereinafter called manufacturing materials) as SELLER has produced or acquired for the performance of this contract, including the assignment to BAE SYSTEMS of SELLER's subcontracts. SELLER shall protect and preserve property in possession of SELLER in which BAE SYSTEMS has an interest.

- c. Payment for completed goods delivered to and accepted by BAE SYSTEMS shall be at the contract price. Payment for manufactured materials delivered to and accepted by BAE SYSTEMS, and for the protection and preservation of property, shall be at a price determined in the same manner as provided in the Termination for Convenience subparagraph hereof, except that SELLER shall not be entitled to profit. Failure to agree will be a dispute under the "Disputes/Jury Waiver" provision in this document. BAE SYSTEMS may withhold from SELLER moneys otherwise due SELLER for completed goods and/or manufacturing materials in such amounts as BAE SYSTEMS determines necessary to protect BAE SYSTEMS against loss due to outstanding liens or claims against said goods or for any amounts otherwise due from buyer to SELLER.
- d. Except for defaults of subcontractors at any tier, SELLER shall not be liable for any excess costs if the failure to perform the contract is due to fires, floods, strikes, lockouts, epidemics, accidents, industry-wide shortages, or other causes beyond the reasonable control of the parties, which prevent SELLER from performing its obligations hereunder. In each instance, the failure to perform must be beyond the control and without the fault or negligence of SELLER.
- e. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both SELLER and the subcontractor, and without the fault or negligence of either, SELLER shall not be liable for any excess costs for failure to perform, unless the subcontracted goods or services were obtainable from other sources in sufficient time for SELLER to meet the required delivery schedule.
- f.
