

## Success Story - Tinker AFB - Space & C3I

---

- ◆ The cumulative Space & C3I DMSMS cost avoidance since inception of the program in 2002, as calculated per DMEA cost resolution guidelines, is \$412.8M.
- ◆ The Government's return on investment over this same period is reported at over 16:1.
- ◆ The Space & C3I DMSMS Government Program Manager recently presented the following tangible results of the DMSMS Program's effectiveness in dramatically improving sustainment and readiness over the past 5 years:
  - MICAP Hrs reduced 80% (108K to 22K)
  - MICAP incidents reduced 73% (286 to 77)
  - Back Orders reduced 63% (2473 to 905)
  - MSD Budget reduced 36% (\$85M to \$54M)

BAE's Space & C3I DMSMS personnel won the 2008 DoD DMSMS Industry Team Award for their efforts in support of the OO-ALC Space & C3I DMSMS Program
