

Diversity Toolkit

The Diversity Tool Kit was developed at an event last year run by BAES Applied Intelligence in conjunction with MCA – over 20 Consulting organisations there who contributed to the content within the toolkit.

The toolkit is divided into 8 sections to be adapted to fit various contexts. This toolkit has since been iterated to produce a maturity assessment.

Key benefits

- Tangible actions
- Measurable
- Repeatable
- Consistent
- Breaks down the topic of D&I into achievable, value-add chunks
