2000/01	9%			

*Effective 1 October 2019, the majority of former BAE Systems 2000 Pension Plan members were transferred into the BAE Systems Section of the BAE Systems Pension Scheme, while the remaining members were transferred into the Airbus Section of the Scheme. The assets of these two Sections of the Scheme are held separately from each other and therefore may generate different investment returns. The Trustee decided to set different rates of Credited Interest for the two Sections of the Scheme from the 2020/21 Scheme year onwards to reflect this.
