**35. COUNTERFEIT PARTS: PREVENTION AND NOTIFICATION** (Note: If DFARS 252.246-7007 is applicable to this procurement, it takes precedence for any differing terms and conditions for Electronic Parts (as defined below) within this specific provision with the exception of subsections: a) i., b), d), and f))

a) Definitions for purposes of this Contract:

- i. “Counterfeit Part” means a part that is (1) an unauthorized copy or substitute that has been identified, marked, and/or altered by a source other than the item’s legally authorized source and has been misrepresented to be an authorized item of the legally authorized source and/or (2) a previously used part provided as “new.”
- ii. “Counterfeit Electronic Part” means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified electronic part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used electronic parts represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.
- iii. As used herein, “authentic” means (A) from the legitimate source claimed or implied by the marking and design of the product offered; and (B) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.
- iv. “Independent Distributors” are persons and businesses that are not part of an original component manufacturer’s authorized distribution chain. These are also known as non-franchised distributors, unauthorized distributors, or brokers.
- v. “Electronic Part” means an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode), or a circuit assembly (section 818(f)(2) of Pub. L. 112-81.)
- vi. “Original Component Manufacturer” or “OCM” means an organization that designs and/or engineers a part and is pursuing or has obtained the intellectual property rights to that part.
- vii. “Original Equipment Manufacturer” or “OEM” means an organization that designs, manufactures or engineers product comprised of various parts and is pursuing or has obtained the intellectual property rights to that product.
- viii. “Suspect Counterfeit Electronic Part” means an Electronic Part for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Electronic Part is authentic.

- b) Vendor represents and warrants that it uses or will use only new and authentic materials in items delivered to BAE Systems and that the Goods delivered contains no Counterfeit Parts. Vendor will not use any material, part, or component that is not a new and authentic part, unless approved in advance in writing by the BAE Systems Procurement Representative. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Vendor shall only purchase and use authentic parts/components directly from the OEMs/OCMs or through the OEM’s/OCM’s authorized distribution chain. At BAE Systems’ request, Vendor must make available all OEM/OCM documentation that authenticates traceability of the components to that applicable OEM/OCM. This Contract does not authorize Vendor to purchase or use parts/components from Independent Distributors. BAE Systems, at its sole discretion, may approve Vendor’s use of an Independent Distributor, but Vendor must present complete and compelling support for its request and include in its request all actions needed to ensure that the parts/components thus procured and used are new and authentic parts and receive written approval from BAE Systems’ Procurement Representative. Where BAE Systems must obtain its Customer’s approval of Vendor’s request, any time attributed to the processing of such requests does not constitute a basis for excusable delay on part of the Vendor. BAE Systems’ approval of a Vendor request(s) does not relieve Vendor of its responsibility to comply with all Contract requirements, including the representations and warranties in this provision.

- c) Vendor shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification to and approval from the BAE Systems Procurement Representative before parts/components are procured and used from sources other than OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. Upon BAE Systems' request, Vendor shall provide copies of such documentation for its system for BAE Systems' inspection. Vendor's system shall be consistent with applicable industry standards, AS5553 at a minimum, for the detection and avoidance of Counterfeit Electronic Parts and Suspect Counterfeit Electronic Parts, including policies and procedures for training personnel, designing and maintaining systems to mitigate risks associated with parts obsolescence, making sourcing decisions, prioritizing mission critical and sensitive components, ensuring traceability of parts, developing lists of trusted and non-trusted suppliers, flowing down requirements to subcontractors, inspecting and testing parts, reporting and quarantining Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and taking corrective action.
- d) If the Vendor is providing electronic components/devices only, or value added services that include the acquisition of components/devices in conjunction with these services, it certifies as follows:

**Certification of Origin of Product:**

Acceptance of this Contract constitutes confirmation by the Vendor that it is the Original Equipment Manufacturer (OEM)/Original Component Manufacturer (OCM), or a franchised or authorized distributor of the OEM/OCM for the product herein procured. Vendor further warrants that OEM/OCM acquisition documentation that authenticates traceability of the components to that applicable OEM/OCM is available upon request. If the Vendor is not the OEM/OCM or a franchised or authorized distributor, the Vendor confirms by acceptance of this Contract that it has been authorized in writing by BAE Systems to act on BAE Systems behalf to procure from the OCM or a franchised or authorized distributor of the OEM/OCM. The Vendor further warrants that OEM/OCM acquisition traceability documentation is accurate and available to BAE Systems upon BAE Systems' request and Vendor will retain such information as a quality record in accordance with the "Maintenance of Records" provision contained herein.

- e) Vendor shall flow the requirements of this provision to its subcontractors and suppliers at any tier for the performance of this Contract.
- f) Notifications: Vendor shall notify BAE Systems promptly, but in no event later than seven (7) Days of discovery in the event that Vendor becomes aware of a Counterfeit Part or Suspect Counterfeit Part that, by any means, has been delivered to BAE Systems, or acquired for this Contract whether or not delivered to BAE Systems. Vendor will request verification of receipt of this notification from BAE Systems. This requirement will survive this Contract.
- g) Vendor shall be liable for the cost of Counterfeit Parts and Suspect Counterfeit Electronic Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion of such parts.
- h) Vendor shall quarantine Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and make them available for investigation by appropriate government authorities. Vendor shall not return Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts to the supply chain unless and until such time the parts are determined to be authentic.

**36. PACKING AND SHIPMENT**

- a) Unless otherwise specified, Vendor shall pack all Goods in accordance with good commercial practice.
- b) Vendor shall include a complete packing list with all shipments. Vendor shall mark containers or packages with necessary lifting, loading, and shipping information, including the BAE Systems Contract number, item number, dates of shipment, and the names and addresses of consignor and consignee. Bills of lading shall include this Contract number.
- c) Unless otherwise specified, delivery shall be in accordance with INCOTERMS 2020 DAP at the place of BAE Systems identified in the order.
- d) Vendor shall not supply Goods in excess of quantities specified in this Contract. Vendor shall be liable for handling charges and return shipment costs for any excess quantities.

**37. TIMELY PERFORMANCE**

Vendor's timely performance is a critical element of this Contract and time is of the essence. If Vendor becomes aware of difficulty in performing under this Contract, Vendor shall timely notify BAE Systems in writing, giving pertinent details. This notification does not change the performance schedule.

**38. INSPECTION, ACCEPTANCE, AND CORRECTIVE ACTION**

- a) Inspection or Observation. BAE Systems and its Customer may inspect and observe the performance of this Contract at all reasonable times. Vendor shall provide all information and assistance necessary for safe and convenient inspection or observation without additional charge.
- b) Acceptance.
  - i. BAE Systems shall accept the Goods or give Vendor notice of rejection within thirty (30) Days after the date of delivery of the Goods, notwithstanding any payment or prior test or inspection. No payment, inspection, test, delay, approval, failure to inspect/test, or failure to discover any defect or other nonconformance shall relieve Vendor of any obligations under this Contract or any order or impair any rights or remedies of BAE Systems or BAE Systems' Customers, including revocation of acceptance. Acceptance by BAE Systems of any Goods shall not limit or affect any warranty or right of indemnity.
  - ii. The following clause is applicable to all Goods except for Cost Reimbursable Goods: If Vendor performs non-conforming Goods, BAE Systems may: (A) accept all or part of such Goods at an equitable price reduction; or (B) make, or have a third party make all repairs, corrections, or modifications necessary to enable such Goods to comply in all respects with Contract requirements and charge the cost incurred to Vendor.
- c) Corrective Action Request ("CAR"). BAE Systems may issue a CAR to Vendor for nonconforming Goods, and Vendor shall respond to BAE Systems by the due date listed on the CAR form. Failure to respond in a timely manner may cause BAE Systems to halt subsequent orders until it receives an acceptable CAR response. Vendor shall address all fields in the CAR form, including root cause of the noncompliance using a "root cause methodology tool" and a corrective action addressing the root cause. Vendor shall present all corrective actions to BAE Systems for review and approval, and shall not re-work nonconforming Goods without disclosing the corrective action taken. Any re-performance or other correction shall be completed within the time as BAE Systems' Procurement Representative may reasonably direct.
- d) Shipment of Non-Conforming Goods. Vendor shall notify BAE Systems Procurement Representative of non-conforming items, which cannot be reworked to meet the requirements of this Contract. Vendor shall obtain prior written authorization from BAE Systems Procurement Representative prior to Vendor's shipment of such non-conforming items to BAE Systems. Vendor also shall notify BAE Systems Procurement Representative of any previously delivered items, which do not meet the requirements of this Contract immediately upon discovery of such non-conformance by Vendor.
- e) Cost Reimbursable Line Items/Contracts. To the extent this Contract includes Cost Reimbursable Line Items or is Cost Reimbursable in totality, the subsections below are applicable:
  - i. If Vendor performs nonconforming Goods, BAE Systems may require Vendor to promptly correct or re-perform the nonconforming Goods. The cost of re-performance or correction will be included in allowable cost, determined as provided in the Allowable Cost and Payment clause, but BAE Systems will pay no additional fee.
  - ii. Notwithstanding subsection (e)(i) above, BAE Systems may at any time require the Vendor to remedy by correction or re-performance, any failure by the Vendor to comply with the requirements of this Contract at no cost to BAE Systems, if the failure is due to (A) fraud, lack of good faith, or willful misconduct on the part of the Vendor's managerial personnel; or (B) the conduct of one or more of the Vendor's employees selected or retained by the Vendor after any of the Vendor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

### 39. WARRANTIES/REPRESENTATIONS/NON-CONFORMING Goods

- a) Goods Warranty. Vendor represents and warrants that:

  - ii. it and each of its personnel will perform under this Contract with the highest degree of professional skill and sound practices and judgment exercised by businesses that offer goods of a similar nature;
  - iii. it is and shall remain free of any obligation or restriction which would interfere or be inconsistent with, or present a conflict of interest concerning the Goods to be furnished by Vendor under this Contract;
  - iv. BAE Systems will receive free, good, and clear title to all deliverables developed under this Contract;

- v. If the any items or any part of the items provided under this Contract are a commercial item, the commercial warranty will be transferred to BAE Systems; and

- b) Additional Warranties. In addition to the foregoing warranties, statements of work may contain additional warranties that specifically apply to such statement of work.
- c) Warranty Period. The warranty begins upon acceptance of the Goods by BAE Systems or BAE Systems' Customer, whichever is later, and extends for a period of one (1) year. If the Goods fail to conform to the foregoing warranty, Vendor shall, at BAE Systems' option and without additional charge, promptly repair, replace, or re-perform such Goods. If repair, replacement, or re-performance of the Goods is not timely or fails to correct the non-conformity, BAE Systems may elect to re-procure the Goods at Vendor's expense. All warranties run to BAE Systems and its Customers.
- d) Malicious Technology. Vendor warrants that the Goods will not: (A) contain any Malicious Technology, (B) monitor BAE Systems' use of the Goods; (C) replicate, transmit or activate itself without control of a person operating the computing equipment on which it resides; or (D) alter, damage or erase any data or computer programs resident on BAE Systems computers or hardware without control of a person operating the computing equipment on which it resides. If Vendor is in breach of this subsection, no "right to cure" period will apply. BAE Systems reserves the right to pursue any available civil or criminal action against Vendor for violation of this provision. Vendor will not install, use, or execute any software on any BAE Systems central processing unit without BAE Systems' written approval. Vendor acknowledges that it does not have any right to electronically repossess or use any self-help related to the Goods.

#### 40. PARTS OBSOLESCENCE

- a) "Obsolete Electronic Part" means an electronic part that is no longer in production by the original manufacturer or an aftermarket manufacturer that has been provided express written authorization from the current design activity or original manufacturer.
- b) Vendor shall take appropriate actions to mitigate Electronic Parts obsolescence in order to maximize the availability and use of authentic, originally designed, and qualified Electronic Parts throughout the product's lifecycle.
- c) BAE Systems may desire to place additional orders for items purchased hereunder. Vendor shall provide BAE Systems with a "Last Time Buy Notice" at least twelve (12) months prior to any action to discontinue any item purchased under this Contract.
- d) Vendor shall notify BAE Systems if parts they have supplied contain materials at risk of future obsolescence or supply risk due to current or proposed regulations and/or standards, either domestic or foreign, including but not limited to those set forth in Section 29(f) Hazardous Materials.

#### 41. OPEN SOURCE SOFTWARE

Without the prior written approval of BAE Systems, which BAE Systems may withhold in its sole discretion, Vendor shall not incorporate any Open Source Software, including any source code governed by an Open Source license, into Goods to be performed under this Contract. When seeking BAE Systems written approval, Vendor shall identify all Open Source Software proposed to be incorporated into its Goods, as well as a complete source code listing of the Software comprising the Goods with a description of the operation of the Software in English and machine-readable form, together with copies of any license agreements required to be accepted.

#### 42. FURNISHED/ACQUIRED/FABRICATED PROPERTY

- a) BAE Systems may provide Vendor with property owned by either BAE Systems or its Customer ("Furnished Property") or require Vendor to acquire ("Acquired Property") and/or to fabricate property ("Fabricated Property") specifically for Goods under this Contract (collectively "All Property"). BAE Systems authorizes Vendor to use All Property only for the performance of this Contract, unless authorized in advance, in writing, by the BAE Systems' Procurement Representative. Title to All Property shall remain in BAE Systems or its Customer (as applicable). Vendor shall clearly mark (if not so marked) All Property to show its ownership.
- b) BAE Systems and Customer Furnished Property is provided in "as-is" condition unless otherwise set forth in this Contract. Except for reasonable wear and tear, Vendor shall be responsible for maintaining, managing, preserving, and insuring All Property from loss or damage while in Vendor's care, custody, or control, without additional charge, in accordance with good commercial practice. Vendor shall notify BAE Systems within 10 Days of any loss or damage to All Property. Vendor shall support all BAE Systems or Customer investigations relative to the loss, damage, or destruction of this property. At BAE Systems' sole option, Vendor shall immediately replace, reimburse, repair, and/or provide consideration to BAE Systems for such loss or damage.

- c) All Property associated with Goods under this Contract shall be received, inspected, inventoried, processed, and reported as required by this Contract. At BAE Systems' request, and/or upon completion of this Contract Vendor shall submit, in an acceptable form, inventory lists of All Property and shall deliver or make such other disposal as may be directed by BAE Systems.

#### 43. INTELLECTUAL PROPERTY

- a) Warranty. Vendor warrants that the Goods and deliverables performed and delivered under this Contract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country and are free and clear of all liens, licenses, claims, and encumbrances. If an injunction is obtained against BAE Systems' use of and deliverables provided in the performance of the Goods as a result of infringement or misappropriation of the intellectual property of any third party, Vendor shall either (A) procure for BAE Systems and Customer the right to continue using the deliverable or (B) re-perform or modify the Goods so the deliverable becomes non-infringing.
- b) BAE Systems' Intellectual Property. The parties agree that BAE Systems shall maintain and have all rights, title and interest in and to (i) any intellectual property which BAE Systems has at the inception of this Contract or subsequently develops outside of this Contract ("BAE Systems Background Intellectual Property"), and (ii) any intellectual property conceived, developed, or generated in performance of this Contract (whether by Vendor, BAE Systems, jointly by both parties, or by any third party), including any deliverables that are the product of the Goods (the "Foreground Intellectual Property). Vendor shall promptly deliver to BAE Systems full disclosures of all intellectual property developed by or on behalf of Vendor in performance of this Contract. Vendor shall provide all assistance reasonably required and execute all documents necessary to perfect the rights granted to BAE Systems. To enable Vendor to comply with the foregoing, each of Vendor's personnel, workers, representatives, agents and subcontractors providing Goods under this Contract, shall assign all rights they have in all inventions, works for hire, and the like, to Vendor. Vendor shall not provide any deliverables which are marked in a way that violates or mischaracterizes ownership to any technical data or computer software owned by BAE Systems.
- c) Vendor's Intellectual Property. The parties agree that Vendor shall maintain and have all rights, title and interest in and to any intellectual property which Vendor has at the inception of this Contract ("Vendor Background Intellectual Property"), provided, however, that Vendor grants and agrees that BAE Systems shall have a nonexclusive, worldwide, sub-licensable, irrevocable, paid-up, royalty-free license and right, to any Vendor Background Intellectual Property, to the extent necessary to enable BAE Systems to use the Foreground Intellectual Property, including but not limited to the right to use, execute, reproduce, display, perform, publish, distribute, copy, prepare derivatives or compilations and to authorize others to do so. Vendor shall provide all assistance reasonably required and execute all documents necessary to perfect the rights granted to BAE Systems herein. To enable Vendor to comply with the foregoing, each of Vendor's personnel, workers, representatives, agents and subcontractors providing services under this Contract, shall assign sufficient rights they have in all inventions, works for hire, project results, and the like, to Vendor.
- d) Rights and Ownership. Except as explicitly provided herein, this Contract does not grant or otherwise give either party ownership in or other proprietary rights to use the other party's trademarks and other intellectual property for any purpose.
- e) Deliverables. To the extent that any deliverable item by operation of law is not a work made for hire, Vendor hereby assigns to BAE Systems the ownership of copyright in the deliverable items and BAE Systems shall have the right to obtain and hold in its own name copyrights, registrations and similar protection, which may be available in the deliverable items. Vendor shall provide to BAE Systems or its designees all assistance reasonably required and documentation necessary to perfect such rights.

#### Section D: Indemnification and Liability

#### 44. INDEMNIFICATION

- a) VENDOR SHALL INDEMNIFY, HOLD HARMLESS AND AT BAE SYSTEMS' ELECTION, DEFEND BAE SYSTEMS, ITS AFFILIATES, AND ITS AND THEIR DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS FROM AND AGAINST ALL LOSSES, COSTS, CLAIMS, PENALTIES, CAUSES OF ACTION, DAMAGES, LIABILITIES, FEES, AND EXPENSES, INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES, ALL EXPENSES OF LITIGATION OR SETTLEMENT, AND COURT COSTS (HEREINAFTER COLLECTIVELY REFERRED TO AS "CLAIMS"), ARISING FROM OR RELATED TO:
- i. ANY ACT OR OMISSION OF VENDOR, ITS DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, SUPPLIERS, OR SUBCONTRACTORS AT ANY TIER, RELATED TO OR AS PART OF THE EXECUTION OF GOODS TO BE PERFORMED OR OTHERWISE IN THE PERFORMANCE OF ANY OF ITS OBLIGATIONS UNDER THIS CONTRACT;
  - ii. THE ACTUAL OR ALLEGED INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHT OR MISAPPROPRIATION OR WRONGFUL USE OF INFORMATION OR DOCUMENTS, OR THE USE, REPRODUCTION, SALE, IMPORT, OR ANY OTHER DISTRIBUTION OF THE GOODS OR DELIVERABLES BY BAE SYSTEMS OR ITS CUSTOMER;

- iii. ANY INJURY, INCLUDING BUT NOT LIMITED TO DEATH, TO ANY PERSON(S), OR DAMAGE TO PROPERTY, ARISING FROM OR RELATED TO OR CAUSED OR CLAIMED TO HAVE BEEN CAUSED BY ACTS OR OMISSIONS OF VENDOR, ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, OR ANY OTHER PERSON OR ENTITY DIRECTLY OR INDIRECTLY EMPLOYED BY ANY OF THEM, WITH RESPECT TO OR IN CONNECTION WITH GOODS UNDER THIS CONTRACT;
  - iv. ANY CLAIMS MADE BY VENDOR’S DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS (EXCEPT CLAIMS FOR PERSONAL INJURY OR DEATH ARISING FROM GROSS NEGLIGENCE OR INTENTIONAL TORTS ON THE PART OF BAE SYSTEMS) AGAINST BAE SYSTEMS, ITS AFFILIATES AND ITS OR THEIR DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS IN EITHER THEIR OFFICIAL OR INDIVIDUAL CAPACITIES;
  - v. ALLEGED IMPROPER CONDUCT OF ANY NATURE OR TYPE, INCLUDING, BUT NOT LIMITED TO, PHYSICAL, MENTAL OR SEXUAL ABUSE OR HARASSMENT, INVASION OF BODILY INTEGRITY, VIOLATION OF CIVIL RIGHTS, AND/OR DISCRIMINATION, BY OR ATTRIBUTABLE TO ANY OF VENDOR’S DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, SUPPLIERS OR SUBCONTRACTORS; AND
  - vi. VENDOR’S FAILURE TO PAY ANY OF VENDOR’S EMPLOYEES, AGENTS, SUPPLIERS, OR SUBCONTRACTORS, FOR GOODS RENDERED UNDER THIS CONTRACT, AND SUCH OBLIGATION IS PERFORMED BY BAE SYSTEMS.
- b) Vendor shall notify BAE Systems as soon as is practicable of any Claims arising under this section. Vendor shall not settle, adjust, or compromise any such claim or any action or proceeding arising therefrom without the written approval of BAE SYSTEMS, which shall not be unreasonably withheld. BAE Systems further agrees to cooperate with any investigation of such Claims and to provide Vendor any information reasonably available to BAE Systems (not of a classified, confidential or privileged nature), and reasonably necessary for the investigation or defense of such Claims, at the sole cost of Vendor.
- c) Direct Damages: If BAE Systems is assessed and is required under a contract to pay liquidated damages to any of its Customers for late delivery of a product or service and such late delivery is due solely to the Vendor or its subcontractors at any tier, the Vendor shall reimburse BAE Systems for the full amount of such liquidated damages, within 30 Days of receipt from BAE SYSTEMS of proof of the assessment of such liquidated damages. For the purposes of this Contract, such liquidated damages from BAE Systems’ Customer are a direct damage. Nothing in this section limits BAE Systems’ right to recover under this Contract, at law, or in equity.
- d) Vendor acknowledges that the indemnity and hold harmless provision of this Contract is not an allowable cost under any provisions of this Contract, except with regard to allowable insurance costs.

**45. LIMITATION OF LIABILITY**

- a) IN ADDITION TO ANY OTHER LIMITATIONS ON BAE SYSTEMS’ LIABILITY SET FORTH HEREIN, IN NO EVENT SHALL BAE SYSTEMS, ITS AFFILIATES, OR ITS OR THEIR EMPLOYEES, AGENTS OR REPRESENTATIVES BE LIABLE BY REASON OF BAE SYSTEMS’ BREACH OR TERMINATION OF THIS CONTRACT OR FOR ANY BAE SYSTEMS’ ACTS OR OMISSIONS IN CONNECTION WITH THIS CONTRACT FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY KIND, HOWEVER CAUSED, INCLUDING LOSS OF PROFITS OR REVENUE, WHETHER SUCH REMEDY IS SOUGHT IN CONTRACT, TORT, OR OTHERWISE.
- b) BAE SYSTEMS SHALL NOT BE LIABLE FOR ANY OF VENDOR’S INCREASED COSTS OF PERFORMANCE RESULTING FROM THE VENDOR’S IMPLEMENTATION OF ANY CHANGES OR MODIFICATIONS IT PERFORMS OR HAS PERFORMED WITHOUT FIRST OBTAINING THE APPROVAL OF BAE SYSTEMS PROCUREMENT REPRESENTATIVE FIRST.

**46. INSURANCE**

- a) In the event that Vendor, its employees, agents, or subcontractors enter the site(s) of BAE Systems or its Customer for any reason in connection with this Contract, then Vendor and its subcontractors shall at each of their sole cost and expense obtain and maintain in force throughout the original term, and any extension, of this Contract (to include the warranty period), the following minimum limits of insurance placed with a company reasonably acceptable to BAE Systems, each of which shall be primary to any insurance of BAE Systems:

Property and Contractor's Equipment Insurance	Sufficient to cover all Vendor's Equipment Insurance and Vendor's employee owned tools and equipment brought onto BAE Systems/Customer Property

- b) The insurance coverage and limits required of the Vendor under this Contract are the minimum requirements of BAE Systems. These minimum requirements are neither a limit of the Vendor's liability under this Contract, nor a recommended insurance program for Vendor. The Vendor alone should seek professional assistance if the Vendor has any question concerning its exposure to loss under this Contract or the applicable insurance coverage that may be necessary to address such exposure.
- c) Vendor shall name BAE Systems as an additional insured under each of the insurance policies required by this Contract, except Workers Compensation Insurance and Professional Liability/Errors & Omissions insurance. The Vendor acknowledges that each policy maintained pursuant to this paragraph is primary as with respect to the interest of BAE Systems and is not contributory with any insurance that BAE Systems may carry.
- d) All policies, including Workers Compensation, shall contain a Waiver of Subrogation in favor of BAE Systems.
- e) Before commencing performance under this Contract, Vendor shall deliver a Certificate of Insurance and/or actual insurance policies required by this Contract. Any Certificate of Insurance shall contain a provision that the coverage provided under the policies, as well as the policies themselves, will not be canceled or materially changed unless the insurers provide BAE Systems with thirty (30) Days' written notice of the intent to cancel a policy, or materially change the coverage provided under the policy.

**47. MECHANICS AND OTHER LIENS**

- a) TO THE EXTENT PERMITTED BY LAW, VENDOR AGREES THAT IT WILL NOT ASSERT ANY MECHANICS LIEN, OR ANY OTHER LABOR OR MATERIAL LIEN, AGAINST ANY PROPERTY OWNED BY OR IN THE CARE, CUSTODY OR CONTROL OF BAE SYSTEMS TO SECURE PAYMENT OF ANY AMOUNTS THAT MAY BECOME DUE TO VENDOR FOR FURNISHING ANY LABOR OR MATERIAL IN PERFORMANCE OF THIS CONTRACT OR FOR PERFORMING ANY GOODS ASSOCIATED THEREWITH. VENDOR ACKNOWLEDGES THAT BY ACCEPTING THIS CONTRACT IT WAIVES ITS RIGHTS (IF ANY) TO ASSERT A LIEN AND IS PRECLUDED FROM EXERCISING ANY MECHANICS LIEN RIGHTS IT MAY OTHERWISE BE AFFORDED UNDER APPLICABLE STATE LAW. VENDOR SHALL COOPERATE IN PROVIDING AND FILING ANY WAIVER(S) OR RELEASE(S) OF LIEN BAE SYSTEMS MAY REQUIRE. IN THE EVENT THAT APPLICABLE LAW DOES NOT PERMIT THE VENDOR'S WAIVER OF LIENS IN ADVANCE, VENDOR AGREES THAT IT SHALL NOT FILE A LIEN UNTIL IT COMPLETES THE GOODS REQUIRED BY THE CONTRACT AND WILL PROVIDE A RELEASE AND WAIVER SIMULTANEOUS WITH FINAL PAYMENT UNDER THE CONTRACT.
- b) Vendor agrees to secure releases and waivers of lien in favor of BAE Systems from Vendor's suppliers and subcontractors coincident with Vendor's final payments to them. In the event any of Vendor's suppliers or subcontractors assert a mechanics lien, or any other labor or material lien, against any property owned by or in the care, custody or control of BAE Systems, BAE Systems at its election may immediately satisfy such lien and charge all amounts (including reasonable attorney's fees) associated with satisfying such lien to Vendor and/or offset such amounts against payments owed to Vendor.

**48. FAILURE TO PERFORM**

- a) Except for defaults of subcontractors at any tier, including those caused by material or labor shortages, neither party shall be liable for any excess costs if the failure to perform or deliver the Goods under the Contract is due to fires, floods, strikes, lockouts, epidemics, pandemics, or accidents(each a "Force Majeure Event"). In each instance, the failure to perform must be without the fault or negligence of the non-performing party.
