Section 1A: General/Administrative Provisions

1. DEFINITIONS

The following terms shall have the meanings set forth below:

- a) "BAE SYSTEMS" means the BAE SYSTEMS legal entity as identified on the face of this Contract.
- b) "BAE SYSTEMS Procurement Representative" means the person authorized by BAE SYSTEMS's cognizant procurement organization to administer this Contract and may be referred to as Buyer, Subcontract Administrator or Material Representative in some exhibits.
- c) "Change Order," "Amendment," "Notification of Change," or "Modification" shall mean a formal written order describing the change to be made, issued and signed by a BAE SYSTEMS Procurement Representative.
- d) "Claim" means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment in a sum certain, the adjustment or interpretation of Contract terms or other allowable relief arising under this Contract. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under this Contract. The submission may be converted to a claim under this Contract by complying with any submissions required, if there is a dispute either as to liability or amount.
- e) "Contract" and "Contract Documents" mean the instrument of contracting, such as "PO," "Purchase Order," "Subcontract" or other such type designation, including all referenced documents, exhibits, specifications, samples, drawings, shop drawings and attachments, and Modifications issued subsequent to the execution of the Contract. If these terms and conditions are incorporated into a "master" agreement that provides for releases, (in the form of a Purchase Order or other such document) the term "Contract" shall also mean the Release document for the Work to be performed. The term "day" as used in the Contract Documents shall mean calendar day unless specifically designated otherwise.
- f) "Contract Schedule" means the CONTRACTOR shall, prior to commencement of Work, prepare and submit for approval three (3) copies of a practicable schedule, showing the order in which the CONTRACTOR proposes to perform the Work, the dates on which CONTRACTOR will start the several salient features (including procurement of materials, plant and equipment) and the contemplated dates for completing each portion. The Contract Schedule shall be in the form of a progress chart of suitable scale to indicate the percentage of Work scheduled for completion at any time.
- g) "Contract Sum" means the total amount payable by BAE SYSTEMS to CONTRACTOR for performance of the Work under the Contract Documents and includes all applicable federal, state and local taxes, duties and fees.
- h) "CONTRACTOR" means the Party identified on the face of the Contract with whom BAE SYSTEMS is contracting to furnish the Work.
- i) "Field Representative" means the designated person authorized by the "Contract" to manage the scope and resources of the "Project". When a "Field Representative" is not identified in the "Contract", then the responsibilities default to a BAE Systems Project Manager.
- j) "Project" means the total construction required under the Contract Documents.
- k) "Site" shall mean the physical place or places where the construction work called for in this Contract will remain when work on it has been completed. It includes other adjacent or nearby property used by the CONTRACTOR or SUBCONTRACTORS in such construction which can reasonably be said to be included in the Site.
- l) "SUBCONTRACTOR" means those having a direct Contract with the CONTRACTOR for the performance of any part of the work called for hereunder. The term shall also include one who merely furnishes material. Nothing contained in this Contract shall create any contractual relationship between BAE SYSTEMS and any SUBCONTRACTOR at any tier. Except as otherwise provided in this Contract, the term "Subcontract" means all contracts placed by the CONTRACTOR or lower tier SUBCONTRACTORS for the specific purpose of performing any portion of the work under this Contract and includes but is not limited to purchase orders and changes, or modifications thereto.
- m) "Substantial Completion of the Work" is the date when the construction is sufficiently complete, in accordance with the Contract Documents, such that BAE SYSTEMS or BAE SYSTEMS' lessees or assigns can fully occupy or utilize the Work and the Project as intended.
- n) "Work" means all of the design and construction which CONTRACTOR is required to perform under the Contract Documents or can be reasonably inferred from the Contract Documents, and shall include all labor, tools, construction means, construction equipment, materials, supplies, facilities, services, scaffolding, appliances, water, heat, air conditioning, utilities, transportation, and everything reasonably necessary or proper to complete the design and construction of the Project, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

2. ACCEPTANCE OF CONTRACT/TERMS AND CONDITIONS

- a) This Contract integrates, merges, and supersedes any prior offers, negotiations, and agreements concerning the subject matter hereof and constitutes the entire agreement between the Parties.
- b) CONTRACTOR's acknowledgment, acceptance of payment, or commencement of performance, shall constitute CONTRACTOR's unqualified acceptance of this Contract.
- c) Additional or differing terms or conditions proposed by CONTRACTOR or included in CONTRACTOR's acknowledgment hereof are hereby objected to by BAE SYSTEMS and have no effect unless expressly accepted in writing by BAE SYSTEMS.
- d) Any assignment of CONTRACTOR's contract rights or delegation of duties shall be void, unless prior written consent is given by BAE SYSTEMS. A change of control of CONTRACTOR shall constitute an impermissible assignment. However, CONTRACTOR may assign rights to be paid amounts due, or to become due, to a financing institution if BAE SYSTEMS is promptly furnished a signed copy of such assignment reasonably in advance of the due date for payment of any such amounts. Amounts assigned to an assignee

shall be subject to setoffs or recoupment for any present or future claims of BAE SYSTEMS against CONTRACTOR. BAE SYSTEMS shall have the right to make settlements and/or adjustments in price without notice to the assignee. BAE SYSTEMS may freely assign this contract. Subject to the limitations relative to assignments, CONTRACTOR, administrators, executors, successors and assigns, hereby agree to the full performance of all of the covenants and agreements herein contained.

- e) If this is an undefinitized Contract, by acceptance, CONTRACTOR agrees:
 - i. to submit (if not already submitted);
 - a. a fixed price or cost and fee type quote/proposal, as appropriate to the type of Contract noted elsewhere in this Contract and/or solicitation, and
 - b. supporting cost or pricing data if requested by BAE SYSTEMS.
 - ii. to enter promptly into negotiations in good faith to definitize all undefinitized issues, anticipating a definitized Contract and for each of the above requirements, prior to the target dates set forth elsewhere in this Contract. All provisions referenced in the Contract shall apply. Federal Law, Executive Orders and Government Procurement Regulations applicable to a definitized Contract of the type anticipated by this undefinitized Contract and/or solicitation shall apply.
 - iii. to proceed immediately to procure materials and take such other actions as are proper and called for to ensure that the supplies may be delivered or services performed on time. CONTRACTOR is not authorized to incur obligations which would result in a termination liability to BAE SYSTEMS in excess of the Maximum Termination Liability amount set forth in this Contract as of the anticipated definitization date set forth in this Contract or such extension of time as may be granted by BAE SYSTEMS.
 - iv. in the event this Contract is not definitized by the anticipated definitization date set forth in this Contract or within such extension of time as may be granted by BAE SYSTEMS Procurement Representative, that this undefinitized - Contract shall expire automatically; in which event CONTRACTOR will be paid an amount not to exceed the maximum determinable in accordance with the termination provisions which apply to this Contract.

3. PRECEDENCE

- a) Any inconsistencies in this Contract shall be resolved in accordance with the following descending order of precedence: (1) Mandatory FAR/DFAR flow down clauses as applicable to this Contract, and as modified within the Contract for the purposes of implementation at the Subcontract tier (2) face of the Contract, release document or Schedule, (which shall include continuation sheets), as applicable, to include any special provisions; (3) representations and certifications; (4) any supplemental terms and conditions incorporated by reference; (5) these terms and conditions; (6) statement of work; and (7) specifications (8) drawings (9) any master-type agreement (such as corporate, operating group, or blanket agreements);
- b) The Contract documents are complementary, and what is called for by any one shall be as binding as if called for by all. The intention of the Contract documents is to include all labor and materials, equipment, and transportation required for the proper execution of the Work.

4. CONTRACT DIRECTION/CHANGES

(Sections b) and c) are not applicable when USGOVA-CON Terms & Conditions are incorporated in Contract)

- a) Only the BAE SYSTEMS Procurement Representative has authority to make changes in, to amend, or to modify this Contract on behalf of BAE SYSTEMS. SELLER shall not implement any changes or modifications to this contract (including contract specifications and quality control provisions) without first having received written authorization to do so from BAE SYSTEMS' Procurement Representative.
- b) Upon award of Contract to CONTRACTOR, Advanced Engineering Change Notices ("AECN") may be field authorized by a BAE SYSTEMS Field Representative due to project urgency during the course of the work if the change is within the general scope of the Project, but in no case shall said change be implemented unless first documented and signed by an authorized BAE SYSTEMS Facilities Manager or cognizant Plant/Project Engineer. Authorized BAE SYSTEMS personnel shall be specifically named in the body of the Contract. CONTRACTOR shall provide a "Good Faith Estimate" of the costs to implement each AECN prior to proceeding with the change. The AECN will be signed by both parties and a copy provided to CONTRACTOR. CONTRACTOR shall provide a firm quotation to the BAE SYSTEMS Procurement Representative within seven (7) days of AECN issuance and negotiate in good faith to arrive at a final cost for the change. The Procurement Representative shall then ratify or adjust the AECN by formal Change Order.
- c) Except when authorized by BAE Systems' designated Field Representative in the form of an Advance Engineering Change Notice, only the BAE SYSTEMS Procurement Representative has authority to make changes in, to amend, or to modify this Contract on behalf of BAE SYSTEMS. CONTRACTOR shall not implement any changes or modifications to this contract (including contract specifications and quality control provisions) without first having received written authorization to do so from BAE SYSTEMS' Procurement Representative or designated Field Representative.
- d) BAE SYSTEMS program, operations, engineering, technical, or other personnel may from time to time render assistance, give technical advice, discuss, or exchange information with CONTRACTOR's personnel concerning the Work hereunder. Such actions shall not be deemed to be a change under this clause of this Contract and shall not be the basis for equitable adjustment. If CONTRACTOR believes the foregoing creates an actual or constructive change, CONTRACTOR shall notify the BAE SYSTEMS Procurement Representative and shall not accept such direction or perform said action unless authorized by BAE SYSTEMS Procurement Representative.
- e) Except as otherwise provided herein, all notices to be furnished by the CONTRACTOR shall be sent to the BAE SYSTEMS Procurement Representative and designated Field Representative.
- f) BAE SYSTEMS may, at any time, exclusively by a written order signed by its Procurement Representative, and without notice to sureties, if any, make changes within the general scope of this contract in any one or more of the following:

- i. Drawings, designs, or specifications when the supplies being furnished are to be specially manufactured for BAE SYSTEMS in accordance with the drawings, designs, or specifications;
 - ii. Method of shipment or packing;
 - iii. Place of inspection, delivery or acceptance;
 - iv. Work schedules; and/or
 - v. Any other matters affecting this contract.
- g) If any such change causes an increase or decrease in the cost of or the time required for performance of this contract, an equitable adjustment shall be made in the contract price, the delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by SELLER for adjustment under this article must be asserted in writing to BAE SYSTEMS' Procurement Representative no later than thirty (30) calendar days, (five (5) calendar days for Ship Repair, fourteen (14) days for Ordnance Systems Inc.) after the date of receipt by SELLER of the written change authorization or within such extension as BAE SYSTEMS may grant in writing; BAE SYSTEMS may, in its sole discretion, consider any such claim regardless of when asserted. Such claim shall be in the form of a complete change proposal fully supported by factual information. Pending any such adjustment, SELLER will diligently proceed with the contract as modified. Where the cost of property made excess or obsolete as a result of a change is included in SELLER's claim for adjustment, BAE SYSTEMS shall have the right to direct the manner of disposition of such property. BAE SYSTEMS shall have the right to examine any of SELLER's pertinent books and records for the purpose of verifying SELLER's claim.
- h) BAE SYSTEMS shall not be liable for any of Contractor's increased cost of performance that result from Contractor's implementation of changes or modifications that BAE SYSTEMS' Procurement Representative or if USGOVA-CON is not incorporated in Contract the designated field representative did not first approve in writing.
- i) BAE SYSTEMS and CONTRACTOR agree that if this Contract, or any order, ancillary agreement, or correspondence is transmitted electronically neither BAE SYSTEMS nor CONTRACTOR shall contest the validity thereof, on the basis that this Contract, or the order, acknowledgement, ancillary agreement, or correspondence exists only in electronic form, an electronic record was used in its creation or formation, or it contains only an Electronic Signature or it was generated automatically, without human intervention by a system intended for the purposes of generating same.
- j) The CONTRACTOR shall submit any "proposal for adjustment" (hereafter referred to as "proposal") under this clause within seven (7) days from the date of receipt of the written order. However, if the BAE SYSTEMS Procurement Representative decides that the facts justify it, the BAE SYSTEMS Procurement Representative may receive and act upon a proposal submitted before final payment of the Contract.
- k) If any such change causes an increase or decrease in the cost of or the time required for performance of this contract, an equitable adjustment shall be made in the contract price, the delivery schedule, or both, and the contract shall be modified in writing accordingly.
- l) Prior to the issuance of a change order under this Contract, BAE SYSTEMS may solicit from the CONTRACTOR written agreement as to the maximum (in the case of an increase) or minimum (in the case of a decrease) adjustment to be made in the price and/or in the schedule (or time of performance), by reason of the change. BAE SYSTEMS may also solicit such agreement on limitations on the adjustments to any other provisions of the Contract which may be subject to equitable adjustment by reason of the change. The CONTRACTOR shall promptly submit a "not-to-exceed" (or "no-less-than") amount or maximum (or minimum) schedule adjustment when so requested by BAE SYSTEMS. Any such written agreement shall then be cited in the change order and upon its issuance shall be deemed to become part of the Contract. In no event shall the definitive equitable adjustment exceed the maximum (or be less than the minimum) price and/or delivery schedule (or time of performance) adjustments so established, nor otherwise be inconsistent with other adjustment limitations so established. Except with respect to such limitations, nothing contained herein shall affect the right of the Parties to an equitable adjustment by reason of the change, pursuant to this clause.
- m) Unless expressly stipulated elsewhere in this Contract as being excepted from this provision, wherever this Contract provides for submittal of designs, components, processes, or other items for review or approval by BAE SYSTEMS, such reviews or approvals shall not be construed as a complete check as to the adequacy of said design or item, nor as an agreement that the design or items will meet the requirements of the Statement of Work, nor as any change to the requirements of the Statement of Work. Such reviews and approvals shall in no way relieve the CONTRACTOR of the responsibility for any error or deficiency which may exist in the submitted design or other items, as the CONTRACTOR shall be responsible for meeting all the requirements of the contract.
- n) If the CONTRACTOR's proposal includes the cost of property made obsolete or excess by the change, BAE SYSTEMS shall have the right to prescribe the manner of the disposition of the property.
- o) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the CONTRACTOR from proceeding with the Contract as changed.

5. INFORMATION

- a) Information provided by BAE SYSTEMS to CONTRACTOR remains the property of BAE SYSTEMS. CONTRACTOR shall comply with all proprietary information markings and restrictive legends applied by BAE SYSTEMS to anything provided hereunder to CONTRACTOR. CONTRACTOR shall not use any BAE SYSTEMS provided information for any purpose except to perform this Contract and shall not disclose such information to third parties without the prior written consent of BAE SYSTEMS. Information provided by BAE SYSTEMS shall be returned to BAE SYSTEMS upon completion of the Work.
- b) If the parties have entered into a Proprietary Information Agreement pertaining to the Work of this Contract, the terms and conditions of such Proprietary Information Agreement shall govern the protection and exchange of proprietary information between the Parties. CONTRACTOR shall not provide any proprietary information to BAE SYSTEMS without prior execution by BAE SYSTEMS of a Proprietary Information or Non-Disclosure Agreement that expressly covers the performance of Work under this Contract.

- c) Except as required by law, no public release of any information, or confirmation or denial of same, with respect to this Contract or the subject matter hereof, shall be made by CONTRACTOR without the prior written approval of BAE SYSTEMS Procurement Representative or designated Field Representative.
- d) CONTRACTOR agrees not to reproduce, use, or disclose to any third party or use any information or other matter furnished by or acquired from BAE Systems or developed as a result of the services rendered under this Contract except to the extent required by law and as otherwise may be authorized in writing by an authorized agent of BAE Systems. CONTRACTOR agrees to obtain from its employees and agents a signed nondisclosure agreement acceptable to BAE Systems upon BAE Systems' request. CONTRACTOR shall insert the provisions of this Provision in any subcontract issued hereunder. Upon BAE Systems' request any such information or other matter, including but not limited to data and designs, including any copies, shall be returned to owner.
- e) BAE SYSTEMS shall be under no obligation to restrict disclosure or use of any information provided, either directly or indirectly, by CONTRACTOR unless and until a Proprietary Information Agreement is executed in writing by BAE SYSTEMS. In the absence of a Proprietary Information Agreement, BAE SYSTEMS shall have the unrestricted right to use and disclose all such information notwithstanding any specific legend or statement associated therewith.
- f) As BAE SYSTEMS and other Defense Prime Contractors have enhanced their cyber security defenses, attackers have expanded their targets to include the supply base, searching for weaknesses that they can exploit. SELLER will employ appropriate tools and practices to protect BAE SYSTEMS' provided data and advise BAE SYSTEMS within 2 days if a cyber-attack has been detected which may have compromised BAE SYSTEMS' data. Where DFARS 252.204-7012 Safeguarding Covered Defense Information and Cyber Incident Reporting applies, SELLER shall additionally rapidly report cyber incidents directly to DoD at <http://dibnet.dod.mil> and BAE SYSTEMS; this includes providing the incident report number, automatically assigned by DoD, to BAE SYSTEMS as soon as practicable. Seller represents and warrants that it has and will maintain a current (within the past three (3) years) cybersecurity assessment that is compliant with DFARS 252.204-7012, 7019 and 7020 (or 7021 if applicable to the Contract) for any information system that stores, processes, and/or transmits covered defense information. If Seller is unable to make and comply with the above representations, Seller shall not store, process, and/or transmit any covered defense information, and shall notify BAE Systems immediately.

6. SURVIVABILITY

If this Contract expires, is completed or is terminated, CONTRACTOR shall not be relieved of those obligations contained in the following provisions:

- a) Applicable Laws
Counterfeit Parts: Prevention and Notification
Definitions
Disputes/Jury Waiver
Export Control
Furnished Property
Independent Contractor Relationship
Information
Entry on BAE SYSTEMS or Customer Property
Intellectual Property
Records
Parts Obsolescence
Warranty
- b) Corresponding provisions to above as incorporated through Supplemental Terms and Conditions provision
- c) Representations and warranties made by CONTRACTOR in the Contract Documents

7. SEVERABILITY AND WAIVERS

- a) Each paragraph and provision of this Contract is severable, and if one or more paragraphs or provisions are declared invalid, the remaining provisions of this Contract will remain in full force and effect.
- b) No deviation from the covenants contained in the Contract Documents, for any reason whatsoever and whether authorized or otherwise, shall be deemed to constitute a precedent or waiver with respect to the handling of any subsequent interpretation or application of any of the provisions of the Contract Documents.

8. PAYMENTS

- a) BAE SYSTEMS shall pay the Contract Sum as provided in this Contract.
- b) BAE SYSTEMS will process progress payments monthly as the Work progresses, based on invoices of acceptable Work accomplished submitted by the CONTRACTOR and approved by BAE SYSTEMS. CONTRACTOR shall furnish a breakdown (Schedule of Values) of the total Contract price showing the amount included therein for each principal category of the Work, in such detail as requested, to provide a basis for determining progress payments. Unless otherwise provided in the Contract Documents, payments will be made on account of materials or equipment not incorporated in the Work but delivered and suitably stored at the Project Site and, if approved in advance by BAE SYSTEMS, payments may similarly be made for materials or equipment suitably stored at some other location agreed upon in writing by the BAE SYSTEMS Procurement Representative or Field Representative. Payments for materials or equipment stored on or off the Project Site shall be conditioned upon submission by the CONTRACTOR of bills of sale or such other documentation satisfactory to BAE SYSTEMS' Procurement Representative to establish BAE SYSTEMS' title to such materials or equipment or otherwise protect BAE SYSTEMS' interest, including applicable insurance and transportation to the Project Site for those materials and equipment stored off the Project Site.

- c) Terms of payment shall be Net 45 days and shall be subject to reduction for overpayments or increase for underpayments on preceding payments to the CONTRACTOR. No invoice or authorization for a progress payment, nor any progress payment, nor any partial or entire use or occupancy of the Project by BAE SYSTEMS or BAE SYSTEMS' lessees or assigns, shall constitute an acceptance of any Work not in accordance with the Contract Documents. Payments due to net terms on Non-scheduled work days will be deemed due on the next business day (a "Non-scheduled Work Day" means a weekend day, bank holiday)bank holidays in Charlotte, NC), or during BAE SYSTEMS' Shared Services Year-End shutdown in December).
- d) The CONTRACTOR warrants that title to all Work, materials and equipment covered by an Invoice for Payment will pass to BAE SYSTEMS or BAE SYSTEMS' assigns either by incorporation in the construction or upon the receipt of payment by the CONTRACTOR, whichever occurs first, free and clear of all liens, claims, security interests or encumbrances, herein referred to in this Clause "8" as "liens;" and that no Work, materials or equipment covered by an Invoice for Payment will have been acquired by the CONTRACTOR, or by any other person performing Work at the Project Site or furnishing materials and equipment for the Project, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the CONTRACTOR or otherwise imposed by the CONTRACTOR or such other person, which would survive payment to the CONTRACTOR. This provision shall not be construed as relieving the CONTRACTOR from the sole responsibility for all materials and Work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of BAE SYSTEMS to require the fulfillment of all of the terms of the Contract.
- e) Lien Waiver Requirements.
- i. Defined Terms. As used in this Clause 8, the following terms shall have the meanings set forth below:
 Conditional Lien Waiver – a lien waiver from the applicable party, originally signed by that party (not by stamp or electronic signature) in a form that has been approved by BAE Systems which waives all rights of the signatory to any claim for any mechanics, materialmen or other lien, or any other title retention claim for that party, or for any party who may claim any such right as a result of any contractual or other agreement pertaining to the Work or the Project, conditioned only upon receipt of payment of the specified amount due to that party.
 Unconditional Lien Waiver – a lien waiver from the applicable party, originally signed by that party (not by stamp or electronic signature) in a form that has been approved by BAE SYSTEMS but which waives all rights of the signatory to any claim for any mechanics, materialmen or other lien, or any other title retention claim for that party, or for any party who may claim any such right as a result of any contractual or other agreement pertaining to the Work or the Project, recognizing its receipt of payment for the amounts identified therein.
- Major Subcontractors and Suppliers – each subcontractor and/or material supplier retained by the Contractor to perform all or any part of the Contractor's Work who has one or more contractual or other agreements, directly or indirectly, with the Contractor covering labor, services or materials furnished or to be furnished in connection with the Contractor's Work which provide for payment of amounts, in the aggregate, equal to or greater than Ten Thousand Dollars (\$10,000.00).
- ii. Commencing with the Contractor's first Application for Payment, and with each subsequent Application, the Contractor will submit to BAE SYSTEMS Conditional Lien Waivers (as herein defined) covering the Contractor's Work for which the Contractor is seeking reimbursement. Commencing with the second Application and all subsequent Applications, the Contractor will submit to BAE SYSTEMS: (a) Unconditional Lien Waivers (as herein defined), covering the Contractor's Work for which the Contractor received payment on its immediately preceding Application; and (b) Conditional Lien Waivers covering the Contractor's Work for which the Contractor is seeking reimbursement on the current Application. The Conditional Lien Waivers and Unconditional Lien Waivers contemplated herein must be provided by all Major Subcontractors and Suppliers (as herein defined) who provided labor or materials in connection with the Contractor's Work for which the Contractor has requested and/or received payment on the pending Application. If the specified lien waivers are not provided as required, the Application will not be processed for payment until all required lien waivers are received by BAE SYSTEMS.
- f) In making such progress payments there shall be retained ten (10) percent of the invoiced amount until final completion and acceptance of all work covered by the Contract; provided, however, that BAE SYSTEMS, at any time after fifty (50) percent of the Work has been completed, if BAE SYSTEMS finds that satisfactory progress is being made, may reduce the amount of retainage or make any of the remaining partial payments in full; and, providing further, that on completion, acceptance of the Work, and receipt of the required Unconditional Lien Waivers, payment may be made in full, including retained percentage thereon, less authorized deductions for incomplete or defective Work.
- g) The CONTRACTOR may, if any SUBCONTRACTOR refuses to furnish a release or receipt in full, furnish a bond satisfactory to BAE SYSTEMS, to indemnify BAE SYSTEMS against any lien. If any lien remains unsatisfied after all payments are made, the CONTRACTOR shall refund to BAE SYSTEMS all monies that the latter may be compelled to pay in discharging such a lien, including all costs and reasonable attorneys' fees.
- h) The obligation of BAE SYSTEMS to make the payments required under the provisions of this Contract shall, in the discretion of BAE SYSTEMS, be subject to (1) reasonable deductions on account of defects in material or workmanship, and (2) any claims which BAE SYSTEMS may have against the CONTRACTOR under or in connection with this Contract. Any overpayments to the CONTRACTOR shall, unless otherwise adjusted, be repaid to BAE SYSTEMS upon demand.
- i) The CONTRACTOR shall promptly pay each SUBCONTRACTOR, upon receipt of payment from BAE SYSTEMS, out of the amount paid to CONTRACTOR on account of such SUBCONTRACTOR'S work, the amount to which said SUBCONTRACTOR is entitled, reflecting the percentage actually retained, if any, from payments to the CONTRACTOR on account of such SUBCONTRACTOR'S work. CONTRACTOR shall, by an appropriate agreement with each SUBCONTRACTOR, require each SUBCONTRACTOR to make payments to their SUBCONTRACTOR'S in similar manner. BAE SYSTEMS may, at BAE SYSTEMS' sole discretion, make direct payments to CONTRACTOR's SUBCONTRACTORS for amounts owed by CONTRACTOR to SUBCONTRACTORS and deduct the amount of these payments from the Contract Sum.
- j) BAE SYSTEMS' Procurement Representative or Designated Field Representative may decline to authorize payment and may withhold BAE SYSTEMS' authorization in whole or in part, to the extent necessary to reasonably protect BAE SYSTEMS. BAE SYSTEMS shall be entitled at all times and without notice to any surety, set-off any amount owing at any time from CONTRACTOR to BAE SYSTEMS against any amounts payable at any time by BAE SYSTEMS.

- k) CONTRACTOR hereby agrees that any refund, rebate, or credits (including any related interest) accruing to or received by CONTRACTOR, or SUBCONTRACTOR, that arise under this Contract and for which CONTRACTOR has received reimbursement from BAE Systems, shall be disclosed to BAE Systems and credited against the total costs incurred and paid by BAE Systems.
- l) No claim by the CONTRACTOR for an equitable adjustment hereunder shall be allowed if asserted after final payment under this contract

9. TAXES

- a) CONTRACTOR shall be responsible for and pay all federal, state and local taxes in effect on the date of the Contract with respect to the Work, including, without limitation, sales, consumer, use and other similar taxes required by law or local authority having jurisdiction.
- b) Unless otherwise specified in this Contract, prices include all applicable federal, state and local taxes, duties, tariffs, and similar fees imposed by any government.
- c) To the extent that any Contract includes Federal, state or local tax and BAE Systems pays such tax and subsequently all or a portion of that tax is refunded to the CONTRACTOR, the CONTRACTOR shall refund that amount to BAE Systems.
- d) Purchase, rental, or lease of supplies, tools, materials, equipment, and/or services necessary to perform the Work may be exempt from all or part of any sales or use tax imposed by the state, county, or other municipality having tax jurisdiction over the Work. An appropriate exception certificate or other document will be issued to the CONTRACTOR by BAE Systems in order to secure such tax exemption. Accordingly, the CONTRACTOR shall not bill BAE Systems for taxes for Work that is exempt from those taxes.

10. MAINTENANCE OF RECORDS

- a) CONTRACTOR shall maintain detailed, complete and accurate books, records, payment records, documents and other evidence satisfactory to BAE Systems pertaining to CONTRACTOR time worked, and actual cost, expenses, payments for subcontracted services or materials, and allowances occurring in the performance of BAE Systems Purchase Orders (collectively called the "records"), so as to reflect CONTRACTOR net direct and indirect costs of labor, services, and other costs and expenses of whatever nature. All charges for labor shall be supported by daily time cards and/or invoices, or records, which may be audited by BAE Systems as accumulated.
- b) Any and all records related to CONTRACTOR effort under this Contract shall be retained and stored by CONTRACTOR at no cost to BAE Systems during the execution of this work. Within thirty (30) days of the date of final payment, CONTRACTOR will have such records duplicated and supplied to BAE Systems at no additional cost. BAE Systems shall have the right, at no cost and upon reasonable written notice, to have all such records made available during regular business hours at a CONTRACTOR facility during performance of the Contract. CONTRACTOR shall preserve and allow BAE SYSTEMS access to records and documents pertaining to the Project for a period of three (3) years after final payment under the Contract Documents. CONTRACTOR further agrees to include this clause or an equivalent in all subcontracts or purchase orders issued under this Contract.

11. ENTRY ON BAE SYSTEMS OR CUSTOMER PROPERTY

- a) CONTRACTOR's personnel, while on BAE SYSTEMS' or Customer's premises, shall not sell, advertise or market any goods or services (other than the goods or services which may be the subject of this Contract) or memberships, or distribute printed, written or graphic materials without BAE SYSTEMS' written permission or as permitted by law.
- b) CONTRACTOR must coordinate in advance with BAE SYSTEMS access to BAE SYSTEMS' or Customer's premises.
- c) If CONTRACTOR'S personnel are to work at BAE SYSTEMS' facility with unescorted access, CONTRACTOR is required to have performed pre-employment background screening at no charge to BAE SYSTEMS. CONTRACTOR employees and CONTRACTOR SUBCONTRACTORS will not be allowed access to work at BAE SYSTEMS facilities until written confirmation from CONTRACTOR has been received by the BAE SYSTEMS Procurement Representative stating that CONTRACTOR'S employees are cleared by CONTRACTOR to report to work. If the CONTRACTOR personnel in question holds a U.S. Government-granted Security clearance or access that has been validated by BAE SYSTEMS through JPAS (Joint Personnel Adjudication System) or via a visit certification, then a pre-employment background screening for that CONTRACTOR personnel is not required. Provided that SELLER has diligently pursued obtaining such license and, through no fault of SELLER, such license has been denied, revoked, withdrawn, or terminated, SELLER shall also be relieved of its obligation under this Contract. In either event, this Contract may be terminated by BAE SYSTEMS without additional cost or other liability.
- k) All export-controlled data or technology shall contain markings identifying the relevant regulatory jurisdictions prior to export, transmittal to, and receipt from, the Seller and BAE Systems. Such markings are required regardless of the mode of transmittal (e.g., hard copy or electronic).
- l) Under this contract, the SELLER acknowledges and confirms that the sale, manufacture, export, or brokerage of defense articles or provision of defense services, as those articles and services are defined in the ITAR and enumerated on the U.S. Munitions List (22 C.F.R. 121), mandates registration with the Directorate of Defense Trade Controls (DDTC), U.S. Department of State.
- m) SELLER shall flow down export compliance requirements by contract to its suppliers, vendors and subcontractors who support BAE SYSTEMS contracts and orders.
- n) See BAE SYSTEMS Ship Repair Inc. Addendum for additional terms applicable to this EXPORT CONTROL section for work performed for BAE SYSTEMS Ship Repair Inc. and its subsidiaries.
- o) Export Classification (When specifically requested by BAE SYSTEMS)
 - a. SELLER shall notify BAE SYSTEMS if any deliverable under this Subcontract/PO, for which BAE SYSTEMS is not the design authority, is subject to export and import control laws and regulations described in the Export Control paragraph of this agreement. Before providing BAE SYSTEMS any deliverable SELLER shall provide, in writing to the BAE SYSTEMS's Procurement Representative, the relevant export classification to include the following:
 - i. Dual use goods and technology subject to the EAR, including any embedded or related ITAR-controlled, or EAR 500 or 600 series' item or technology;
 - ii. Defense article (which includes both hardware and technical data) or defense service, controlled by the ITAR;
 - iii. Item or technology controlled by the UK or EU Lists of Dual Use or Military Goods, or by other applicable national export control lists.
 - iv. Uncontrolled classifications, such as EAR99, should be identified when applicable.
 - b. Subsequent to the initial disclosure above, SELLER shall timely notify the BAE SYSTEMS's Procurement Representative, in writing, of any changes to the export classification information of the item or controlled data.
 - c. SELLER represents and certifies that it has properly determined the relevant export classification of the deliverable.

20. DISPUTES/JURY WAIVER (See BAE SYSTEMS Ship Repair Inc. Addendum for additional terms applicable to this Disputes/Jury Waiver section for work performed for BAE SYSTEMS Ship Repair Inc. and its subsidiaries.)

- a) All disputes arising from or related to this Contract, which are not disposed of by mutual agreement may be decided by recourse to an action at law or in equity in accordance with subparagraph b) of this provision. Until final resolution of any dispute hereunder, CONTRACTOR shall diligently proceed with the performance of this Contract as directed by the BAE SYSTEMS Procurement Representative.
- b) BAE SYSTEMS and CONTRACTOR agree to timely notify each other of any claim, dispute or cause of action arising from or related to this Contract, and to negotiate in good faith to resolve any such claim, dispute or cause of action. To the extent that such negotiations fail, BAE SYSTEMS AND CONTRACTOR AGREE THAT UNLESS SPECIFICALLY IDENTIFIED ON THE FACE OF THE PURCHASE ORDER, ANY LAWSUIT OR CAUSE OF ACTION THAT ARISES FROM OR IS RELATED TO THIS CONTRACT SHALL BE FILED WITH AND LITIGATED ONLY IN A COURT OF COMPETENT JURISDICTION WITHIN THE STATE OF NEW YORK; AND BAE SYSTEMS AND CONTRACTOR EACH HEREBY CONSENT AND AGREE TO THE PERSONAL JURISDICTION AND VENUE OF THE STATE REFERENCED ON THE PURCHASE ORDER OR THE STATE OF NEW YORK WITH RESPECT TO ANY SUCH CLAIM, DISPUTE OR CAUSE OF ACTION AND WAIVE ANY DEFENSE OR OBJECTION TO THE EXERCISE OF PERSONAL JURISDICTION AND/OR VENUE

SUCH COURT (For BAE SYSTEMS Ship Repair Inc. (and its subsidiaries) orders originating in California, please see the BAE SYSTEMS Ship Repair Inc. Addendum for further Disputes language.)

- c) TO THE EXTENT PERMITTED BY APPLICABLE LAWS, BAE SYSTEMS AND CONTRACTOR EACH WAIVE ANY RIGHTS WHICH EITHER MAY HAVE TO TRIAL BEFORE A JURY OF ANY DISPUTE ARISING FROM, OR RELATED TO, THIS CONTRACT. CONTRACTOR AND BAE SYSTEMS FURTHER STIPULATE AND CONSENT THAT ANY SUCH LITIGATION BEFORE A COURT OF COMPETENT JURISDICTION SHALL BE NON-JURY.
- d) CONTRACTOR hereby agrees to waive all applicable statutes of limitations applicable to any BAE SYSTEMS action against CONTRACTOR under this PO until one (1) year after all such statutes applicable to any action by BAE SYSTEMS' Customer against BAE SYSTEMS based on alleged breaches of requirements of BAE SYSTEMS' higher-tier contract occurring, in whole or in part, by reason of the alleged actions or inactions of CONTRACTOR constituting noncompliance by CONTRACTOR with requirements of this PO; until one (1) year following the expiration of all applicable statutes of limitation applicable to BAE SYSTEMS' Customer's action against BAE SYSTEMS.

21. WAIVER, APPROVAL, AND REMEDIES

- a) Failure by BAE SYSTEMS to enforce any of the provision(s) of this Contract shall not be construed as a waiver of the requirement(s) of such provision(s), or as a waiver of the right of BAE SYSTEMS thereafter to enforce each and every such provision(s). Neither BAE Systems' preliminary or conceptual designs, review, approval or acceptance of, nor payment for, any of the services performed under this Contract shall be construed to act as a waiver of any rights under the Contract of any cause of action arising out of the performance of the Contract, and CONTRACTOR shall remain liable in accordance with applicable law for all direct and consequential damages to BAE Systems caused by CONTRACTOR's negligent or faulty performance of any of the services furnished hereunder.
- b) BAE SYSTEMS's approval of documents shall not relieve CONTRACTOR from complying with any requirements of this Contract.
- c) The rights and remedies of BAE SYSTEMS in this Contract are cumulative and in addition to any other rights and remedies provided by law or in equity.

Section 1C: Construction Provisions

22. SITE INVESTIGATIONS AND REPRESENTATIONS

- a) The CONTRACTOR represents that it has investigated and satisfied itself as to the nature and location of the work, the general and local conditions, including but not limited to those bearing upon transportation, disposal, handling and storage of materials; the availability of labor, water, electric power, and roads; the uncertainties of weather, river stages, tides, or similar physical conditions at the site; the conformation and conditions of the ground; the character of equipment and facilities needed preliminary to and during the prosecution of the Work and all other matters upon which information is reasonably obtainable and which can in any way affect the Work or the cost thereof under this Contract.
- b) The CONTRACTOR further represents that it has satisfied itself as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site including all exploratory work done by BAE SYSTEMS, as well as from information presented by the drawings and specifications.
- c) Failure by the CONTRACTOR to acquaint itself with all available information shall not relieve it of responsibility for successfully performing the Work. BAE SYSTEMS assumes no responsibility for any conclusions or interpretations made by the CONTRACTOR based on the information made available by BAE SYSTEMS or for any understandings reached or representations made by any of its officers, employees or agents prior to the execution of this Contract, unless (1) such understanding or representations are expressly stated in this Contract and (2) this Contract expressly provides that the responsibility therefor is assumed by BAE SYSTEMS.
- d) Where alterations of and/or additions to existing construction are required under this Contract, the CONTRACTOR shall verify all dimensions and determine all existing conditions which may affect its work and shall be responsible for the accuracy of such dimensions and determinations.
- e) The parties acknowledge and agree that CONTRACTOR has represented that it has the requisite expertise to undertake the performance of the work contemplated by this Contract, and that BAE Systems, in reliance on such representation, has entered into this Contract.

23. SPECIFICATIONS AND DRAWINGS

- a) CONTRACTOR shall comply with all specifications and drawings set forth in the Statement of Work hereof. All Work called for in said specifications and drawings shall be accomplished in accordance with the applicable national and local codes and standards. If required by the Contract Documents, the CONTRACTOR is responsible for the preparation, by a licensed architect/engineer, of drawings setting forth in detail the requirements for the construction of the Work and Project, based upon all applicable codes, laws or regulations which have been enacted as of the date of this Contract. Construction of the Work and Project by CONTRACTOR shall be in accordance with these drawings and the specifications. Any approval by BAE SYSTEMS of the drawings shall be binding for layout and aesthetics and shall not relieve CONTRACTOR from CONTRACTOR's professional responsibility for the design and architectural integrity and function of the Work and Project.
- b) The CONTRACTOR shall keep on the site a copy of the drawings and specifications and shall at all times give BAE SYSTEMS access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In any case of discrepancy either in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to BAE SYSTEMS, who shall promptly make a determination in writing. Any adjustment by the CONTRACTOR without this determination shall be at its own risk and expense. BAE SYSTEMS shall furnish from time to time such detail drawings and other information as may be considered necessary, unless otherwise provided.
- c) Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications or which are customarily performed, shall not relieve the CONTRACTOR from performing such

omitted or misdescribed details of work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications. CONTRACTOR shall carefully review the Contract Documents and if CONTRACTOR observes that any of the Contract Documents are at variance therewith in any respect, CONTRACTOR shall promptly notify BAE SYSTEMS in writing. CONTRACTOR shall be liable to BAE SYSTEMS for costs incurred by BAE SYSTEMS with respect to any such variance that CONTRACTOR could have observed and pointed out to BAE SYSTEMS but did not.

- d) The CONTRACTOR shall check all drawings furnished him immediately upon their receipt and shall promptly notify BAE SYSTEMS of any discrepancies. Dimensions marked on drawings shall in general be followed in preference to scale measurements. Large scale detail drawings shall in general govern small scale drawings. The CONTRACTOR shall compare all drawings and verify the figures before laying out the work and will be responsible for any errors which might have been avoided thereby. When measurements are affected by field conditions, the CONTRACTOR shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings.
- e) Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall not be made until written authority is obtained from BAE SYSTEMS.
- f) The CONTRACTOR shall lay out its work from base lines and grades established by BAE SYSTEMS and shall be responsible for all measurements in connection therewith. The CONTRACTOR shall, at its own expense, furnish all stakes, templates, platforms, equipment, and ranges and labor that may be required in setting and cutting, or laying out any part of the Work. The CONTRACTOR will be held responsible for the proper execution of the Work to such lines and grades as may be established or indicated by BAE SYSTEMS, and all stakes or other marks thus established shall be preserved by it until their removal is authorized by BAE SYSTEMS. BAE SYSTEMS will furnish, on request from the CONTRACTOR, all location and limit marks reasonably necessary for the conduct of the Work.
- g) All drawings shall become the property of BAE SYSTEMS, and BAE SYSTEMS shall be entitled, without further payment or liability to the CONTRACTOR and without further permission to use such drawings and to reproduce them; provided, however, the use of such drawings shall not imply a license to BAE SYSTEMS under any patent or shall not be construed as affecting the scope of any license otherwise granted to BAE SYSTEMS under any patent.
- h) The CONTRACTOR shall furnish to BAE SYSTEMS for all phases of the Work under specification sections wherein they apply, a sufficient number of submittals so that BAE SYSTEMS can retain copies. Submittals include, but are not limited to, complete sets of certified shop drawings, fabrication and welding procedures, specifications, reports, any applicable standards, and/or catalog data including vendors' delivery dates. Submittals will be marked "approved", "approved as noted", or "disapproved". Submittals marked "approved" or "approved as noted" need not be resubmitted. Submittals marked "disapproved" shall be resubmitted within seven (7) calendar days. All submittals shall be "approved" or "approved as noted" before starting fabrication.
- i) BAE SYSTEMS review and/or approval of submittals shall not relieve the CONTRACTOR from the responsibility of producing completed and installed Work in strict conformance with the Contract requirements. BAE SYSTEMS will not assume the responsibility for searching out deviations in the CONTRACTOR's submittals or any specifications indicated by the CONTRACTOR on submittals. It is understood that the review and/or approval by BAE SYSTEMS of the CONTRACTOR's submittals shall not be construed as a complete check as to their adequacy, nor as an agreement that the submittal will meet the requirements of the Contract. Such reviews and/or approvals shall in no way relieve the CONTRACTOR for any error or deficiency which may exist in the submittal as the CONTRACTOR shall be responsible for meeting all requirements of the Contract.
- j) In the event the Work set forth in the specifications and drawings does not comply with requirements within the applicable national or local codes and standards, the CONTRACTOR shall notify BAE SYSTEMS of such fact and BAE SYSTEMS may, by issuing a Change Order in accordance with the provisions of the Changes clause hereof, authorize compliance by the CONTRACTOR with the requirements of the applicable national or local codes and standards.
- k) The CONTRACTOR shall provide to BAE SYSTEMS, one (1) set of drawings which accurately portray "as-built" conditions of all construction items within the Contract, including schematic diagrams covering installations of all electrical, mechanical and pneumatic controls, if any. Each of these drawings shall be neatly and clearly marked-up (in red) to show all variations between the as-built construction and that indicated or specified by the Contract documents. Where a choice of material, equipment and/or methods is permitted herein, or where variations in the scope or character of the Work from that indicated or specified is permitted by subsequent change to the Contract, such choices or variations shall be reflected on these drawings. The as-built drawings shall include such supplementary notes, legends and details as may be necessary for legibility and clear portrayal of the as-built construction. All of the required as-built drawings will be delivered to BAE SYSTEMS within twenty (20) days after completion of the Work. The Work covered by such manuals shall not be reviewed or accepted for final payment until BAE SYSTEMS has reviewed those manuals. BAE SYSTEMS' designated personnel shall be given instructions by CONTRACTOR in the care, use, cleaning, maintenance and operation procedures for each item. CONTRACTOR shall be responsible for start-up of all systems and equipment specified in the Contract Documents.
- l) The requirements of this clause relating to the approval of documents by BAE SYSTEMS shall apply with equal force and effect to all items required by this Contract to be submitted for either "review"/"approval" or language of similar import.

24. MATERIAL AND WORKMANSHIP

- a) Unless otherwise specifically provided in this Contract, all equipment, material, and articles incorporated in the Work covered by this Contract are to be new and of the most suitable grade for the purpose intended. CONTRACTOR shall provide and pay for all labor, tools, construction means, construction equipment materials, supplies, scaffolding, appliances, facilities, services, water, heat, air conditioning, utilities, transportation, and everything reasonably necessary and/or proper to complete the design and construction of the Project, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.
- b) Unless otherwise specifically provided in this Contract, reference to any equipment, material, article, or patented process, by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition, and the CONTRACTOR may at its option, use any equipment, material, article, or process which, in the judgment of BAE SYSTEMS is equal to that named. Where equipment, materials, articles, or patented processes are referred to in the specifications as "equal to" a particular standard, the question of equality shall be determined by a duly authorized representative of BAE Systems. The CONTRACTOR shall furnish to BAE Systems for its approval the name of the manufacturer of machinery, the model number and other identifying data and information respecting the performance, capacity, nature and rating of the machinery and mechanical and other

equipment which it contemplates incorporating in the work. Approvals of equals will not relieve the CONTRACTOR of responsibility for adequate fulfillment of the various parts of the work, or from specified guarantees and maintenance standards. Except where this CONTRACTOR is responsible for Design under this Contract, all requests for substitution which may be offered shall have been submitted for approval prior to award of this Contract. Unless specified in the Schedule of Equipment, no such substitution will be permitted and the CONTRACTOR will be deemed to have hereby agreed to furnish only the brand names specified in the contract documents.

- c) CONTRACTOR will acknowledge receipt of materials and equipment purchased or provided by BAE SYSTEMS for installation under the Contract Documents and will provide storage and protection for such materials and equipment.
- d) No materials or supplies for the Work contracted for shall be purchased by the CONTRACTOR or by any SUBCONTRACTOR working under CONTRACTOR which shall be subject to any chattel mortgage or under a conditional sale or other agreement in which an interest is retained by another party. The CONTRACTOR warrants that the title to all materials and supplies used by the CONTRACTOR in the performance of the Work hereunder shall be clear of all encumbrances of any nature whatsoever.
- e) Unless waived in writing by BAE SYSTEMS, all tests or trials shall be made in the presence of a duly authorized representative of BAE SYSTEMS. When the presence of the inspector is waived, sworn statements of the test made and results thereof shall be furnished to BAE SYSTEMS by the CONTRACTOR immediately after the tests are made. Costs of all tests and trials, including concrete aggregate and cylinder tests, and soil analysis, shall be borne by the CONTRACTOR.
- f) All work under this Contract shall be performed in a skillful and workmanlike manner consistent with the level of care and skill ordinarily exercised by industry-standard CONTRACTORS under similar circumstances. CONTRACTOR shall be totally responsible for the professional quality, technical accuracy, feasibility, and coordination of all designs, drawings, specifications, and other services furnished by or for CONTRACTOR hereunder.

25. OPERATIONS, STORAGE AREAS AND TEMPORARY CONSTRUCTION FACILITIES

- a) All operations of the CONTRACTOR (including storage of materials) upon BAE SYSTEMS premises shall be confined to areas authorized or approved by BAE SYSTEMS. No unauthorized or unwarranted entry upon or passage through, or storage or disposal of materials shall be made upon BAE SYSTEMS premises. Premises adjacent to the construction will be made available for use by the CONTRACTOR without cost whenever such use will not interfere with other CONTRACTORS' uses or purposes. The CONTRACTOR shall be liable for damage caused by it to BAE SYSTEMS premises. The CONTRACTOR shall hold and save BAE SYSTEMS, its officers and agents, free and harmless from liability of any nature or kind arising from any use, trespass or damages occasioned by its operations on premises of third persons.
- b) CONTRACTOR shall confine operations at the Project Site to geographic areas permitted by law, ordinances, permits and the Contract Documents and shall not unreasonably encumber the Project Site with any materials or equipment. No use will be made of the Project Site unless directly related to the Project.
- c) BAE SYSTEMS reserves the right to perform or allow the performance of Work related to the Project Site with BAE SYSTEMS' own forces and to award separate contracts in connection with other portions of the Project or other Work on the Project Site under these or similar General Conditions. Unless coordination by Contractor is otherwise required by the Contract and its attachments, BAE SYSTEMS will provide for the coordination of the Work of BAE SYSTEMS' own forces and of each separate contractor with the Work of CONTRACTOR, who shall cooperate therewith. If CONTRACTOR claims that delay or additional cost is involved because of such action by BAE SYSTEMS, CONTRACTOR shall make such claim as provided elsewhere in the Contract Documents.
- d) When separate contracts are awarded for different portions of the Project or other Work on the Project Site, the term CONTRACTOR in the Contract Documents in each case shall mean the CONTRACTOR who executes each separate BAE SYSTEMS-CONTRACTOR contract.
- e) CONTRACTOR shall afford BAE SYSTEMS and separate CONTRACTORS reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their work, and shall connect and coordinate CONTRACTOR's Work with BAE SYSTEMS and separate CONTRACTORS as required by the Contract Documents.
- f) If any part of CONTRACTOR's Work depends, for proper execution or results, upon the work of BAE SYSTEMS, or any separate contractor, CONTRACTOR shall, prior to proceeding with the Work, promptly report to BAE SYSTEMS any apparent discrepancies or defects in such other work that render the Work unsuitable for such proper execution and results. Failure of CONTRACTOR to report shall constitute an acceptance of BAE SYSTEMS' or separate contractor's work as fit and proper to receive CONTRACTOR's Work.
- g) Any costs caused by defective or ill-timed CONTRACTOR's Work shall be borne by the party responsible therefore.
- h) Should CONTRACTOR cause damage to the Work, equipment or property of BAE SYSTEMS or to other work on the Project Site, CONTRACTOR shall promptly remedy such damage.
- i) Should CONTRACTOR cause damage to the work or property of any separate contractor, CONTRACTOR shall, upon due notice, promptly attempt to settle with such other contractor by agreement or otherwise to resolve the dispute. If such separate contractor sues or initiates legal action or proceedings against BAE SYSTEMS on account of any damage alleged to have been caused by CONTRACTOR, BAE SYSTEMS shall notify CONTRACTOR who shall defend such proceedings at the CONTRACTOR's expense and if any judgment or award against BAE SYSTEMS arises from damage caused by the CONTRACTOR, CONTRACTOR shall pay or satisfy such judgment or award in addition to BAE SYSTEMS' cost and attorney's fees to defend such action. Should CONTRACTOR's Work or property be damaged by any separate contractor or BAE SYSTEMS, CONTRACTOR will be reimbursed for the reasonable cost to repair the damaged Work or for the actual damages to CONTRACTOR's property.
- j) Temporary buildings (storage sheds, shops, offices, etc.) may be erected by the CONTRACTOR only with the approval of BAE SYSTEMS and shall be built with labor and materials furnished by the CONTRACTOR without expense to BAE SYSTEMS. Such temporary buildings and/or utilities shall remain the property of the CONTRACTOR and will be removed by the CONTRACTOR at its sole expense upon the completion of the Work.

- k) The CONTRACTOR shall use only established roadways or construct and use such temporary roadways as may be authorized by BAE SYSTEMS. Where materials are transported in the prosecution of the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any federal, state or local law or regulation. When it is necessary to cross curbing or sidewalks, protection against damage shall be provided by the CONTRACTOR and any damaged roads, curbsings, or sidewalks shall be repaired by, and at the expense of the CONTRACTOR, to BAE SYSTEMS's satisfaction.
- l) Unless BAE SYSTEMS' Field Representative authorizes the use of existing toilet facilities, CONTRACTOR shall furnish adequate toilet facilities for its employees. Toilet facilities shall conform to all local sanitary regulations and be located as approved by BAE SYSTEMS.
- m) The Work shall be done without interference with the ordinary use of streets, easements and passages and the CONTRACTOR shall cooperate with other CONTRACTORS of BAE SYSTEMS and BAE SYSTEMS employees as may be required by the circumstances or directed by BAE SYSTEMS. The CONTRACTOR shall not commit or permit any act which will interfere with the performance of work by any other CONTRACTORS or BAE SYSTEMS employees whether at the site or not.
- n) Should the Project or any portion thereof not be completed within the Contract Schedule (as adjusted under the terms of the Contract Documents), BAE SYSTEMS or BAE SYSTEMS' lessees or assigns shall have the right to occupy any portion of the Project not so completed. In such event, CONTRACTOR shall not be entitled to any extra compensation on account of said occupancy by BAE SYSTEMS, or BAE SYSTEMS' lessees or assigns or normal full use of the Project, nor shall CONTRACTOR by BAE SYSTEMS', or BAE SYSTEMS' lessees or assigns interfere in any way with said use of the Project, or be relieved of any of CONTRACTOR's responsibilities under the Contract Documents, including, without limitation, CONTRACTOR's obligation to complete the Project in accordance with the Contract Documents and the Contract Schedule.
- o) If a dispute arises between CONTRACTOR and separate CONTRACTORS as to their respective responsibility for cleaning up as required, BAE SYSTEMS may clean up and BAE SYSTEMS may charge the cost thereof to the CONTRACTOR or separate contractor as BAE SYSTEMS shall determine to be just.
- p) BAE SYSTEMS shall at all times have access to the Work and Project Site.

26. PRESERVATION OF EXISTING VEGETATION

- a) The CONTRACTOR will preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the construction as may be determined by BAE SYSTEMS. The CONTRACTOR will be responsible for all unauthorized cutting or damaging of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.
- b) Care shall be taken by the CONTRACTOR in felling trees, authorized for removal, to avoid any unnecessary damage to vegetation that is to remain in place. Any limbs or branches of trees broken during such operations, shall be trimmed with a clean cut and painted with an approved tree pruning compound. The CONTRACTOR may be required to replace or restore at its own expense all vegetation not protected and preserved as required herein that may be destroyed or damaged.

27. PROTECTION OF MATERIALS AND WORK PERFORMED

- a) The CONTRACTOR shall at all times protect and preserve all materials, supplies and equipment of every description (including property which may be BAE SYSTEMS furnished or owned) and all Work performed. All reasonable requests of BAE SYSTEMS to enclose or specially protect such property shall be complied with. If as determined by BAE SYSTEMS, material, equipment, supplies and Work performed are not adequately protected by the CONTRACTOR, such property may be protected by BAE SYSTEMS and the cost thereof may be charged to the CONTRACTOR or deducted from any payments due the CONTRACTOR.
- b) CONTRACTOR is responsible for and required to remedy all damage or loss to any property, including property of BAE Systems or interruption of a utility service, caused in whole or in part by CONTRACTOR, CONTRACTOR's SUBCONTRACTOR or anyone employed, directed or supervised by CONTRACTOR.
- c) The necessary materials, tools and equipment to be utilized in the performance of this Contract shall be consigned to and delivered to or by the CONTRACTOR at the site and shall be CONTRACTOR's responsibility to unload and safeguard from all hazards.
- d) The CONTRACTOR shall protect the materials and Work from deterioration and damage during construction and shall store and secure flammable material from fire, remove oily rags, waste, and refuse from buildings each night and during cold weather furnish all heat necessary for the proper conduct of the work.
- e) CONTRACTOR is responsible for reporting and correcting all violations observed, to take all safety precautions, and implement all necessary safety programs in connection with the Work.
- f) TO THE EXTENT PERMITTED BY LAW, CONTRACTOR AGREES THAT IT WILL NOT ASSERT ANY MECHANICS LIEN, OR ANY OTHER LABOR OR MATERIAL LIEN, AGAINST ANY PROPERTY OWNED BY OR IN THE CARE, CUSTODY OR CONTROL OF BAE SYSTEMS TO SECURE PAYMENT OF ANY AMOUNTS THAT MAY BECOME DUE TO CONTRACTOR FOR FURNISHING ANY LABOR OR MATERIAL IN PERFORMANCE OF THIS CONTRACT OR FOR PERFORMING ANY WORK ASSOCIATED THEREWITH. CONTRACTOR UNDERSTANDS THAT BY ACCEPTING THIS CONTRACT IT HAS WAIVED ITS RIGHTS (IF ANY) TO ASSERT A LIEN AND IT WILL BE PRECLUDED FROM EXERCISING THE MECHANICS LIEN RIGHTS IT MAY OTHERWISE BE AFFORDED UNDER APPLICABLE STATE LAW. CONTRACTOR SHALL COOPERATE IN PROVIDING AND FILING ANY WAIVERS AND/OR RELEASES OF LIEN THAT BAE SYSTEMS MAY REQUIRE. IN THE EVENT THAT APPLICABLE LAW DOES NOT PERMIT THE CONTRACTOR'S WAIVER OF LIENS IN ADVANCE, CONTRACTOR AGREES THAT IT SHALL FOREBEAR FROM FILING A LIEN UNLESS AND UNTIL IT COMPLETES THE WORK REQUIRED BY THE CONTRACT AND WILL PROVIDE A RELEASE AND WAIVER SIMULTANEOUS WITH FINAL PAYMENT UNDER THE CONTRACT.

28. REMOVAL OF EQUIPMENT AND CLEANUP

- a) The CONTRACTOR shall at all times keep the construction site, including storage areas, free from accumulations of waste material and rubbish; and prior to completion of the Work remove any rubbish from and about the premises and all tools, scaffolding equipment, and materials not the property of BAE SYSTEMS. Outside clean up work shall be completed prior to time of seasonal landscaping work

whether or not included as part of the Work. Upon completion of the construction, the CONTRACTOR shall leave the site in a clean, neat and workmanlike condition satisfactory to BAE SYSTEMS.

- b) Upon the completion of Work, the CONTRACTOR shall remove its equipment, tools, materials, and other articles from the site. Should the CONTRACTOR fail to take prompt action to this end, BAE SYSTEMS (at its option and without waiver of such other rights as it may have) may after thirty (30) days' notice to CONTRACTOR treat them as abandoned property and thereby dispose or use them as it deems appropriate.
- c) If CONTRACTOR fails to clean up at the completion of the Work, BAE SYSTEMS or BAE SYSTEMS' lessees or assigns may do so and the cost thereof shall be charged to the CONTRACTOR and may be deducted from the final payment.
- d) All Work which includes ACM (Asbestos Containing Material), testing, removal, and disposal of any controlled substance shall be issued under a separate, discrete Purchase Order to a qualified/certified removal firm directly from BAE Systems.

29. CONSTRUCTION SCHEDULE/TIME/DELAYS

- a) The CONTRACTOR shall, prior to commencement of work, prepare and submit for approval a practicable schedule and report, showing the order in which the CONTRACTOR proposes to carry on the work, the date on which it will start the several salient features of the work (including procurement of materials, plant and equipment) and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of Work scheduled for completion at any time and the value associated with the work. Once approved by BAE SYSTEMS, the CONTRACTOR shall be responsible for maintaining, monitoring and submit proposed revisions to the Contract Schedule due to changes made during the performance of the Work as approved by BAE SYSTEMS. All initial information presented will be updated and maintained current. There shall be no change in Contract Schedule without prior written BAE SYSTEMS approval. Costs associated with maintaining satisfactory updated Contract Schedule is the CONTRACTOR's responsibility.
- b) CONTRACTOR shall keep accurate and detailed written records of the progress of the Project during all stages of construction and submit monthly Contract Schedule updates. CONTRACTOR shall maintain a daily detailed log of all events occurring on the Project Site or connected with the progress of the Project.
- c) The CONTRACTOR shall furnish sufficient forces, construction plant and equipment, and shall work such hours, including night shifts and overtime operations, as may be necessary to insure the performance of the work in accordance with the approved progress schedule. If, in the opinion of BAE SYSTEMS, the CONTRACTOR falls behind the progress schedule, the CONTRACTOR shall take such steps as may be necessary to improve its progress, and BAE SYSTEMS may require it to increase the number of shifts, overtime operations, days of work, and/or the amount of construction equipment at no additional cost to BAE SYSTEMS. Any direction issued to the CONTRACTOR to provide premium labor in any form must first be coordinated with and approved by the BAE SYSTEMS Procurement Representative or Field Representative. Failure of the CONTRACTOR to comply with the requirements of this provision shall be grounds for determination by BAE SYSTEMS that the CONTRACTOR is not prosecuting the work with such diligence as will insure completion within the time specified in the contract. Upon such determination, BAE SYSTEMS may terminate the Contract, or any part thereof, in accordance with Provision 45, Termination for Convenience.
- d) Acceleration of the Contract Schedule may be requested in writing by BAE SYSTEMS. In such event, a separate summary of the accelerated areas and cost of each, similar in format to those parts of the Contract Documents, is due from the CONTRACTOR if requested by BAE SYSTEMS. Float time used by BAE SYSTEMS is not acceleration or delay. Demands by BAE SYSTEMS that the CONTRACTOR comply with the Contract Schedule (as adjusted under the terms of the Contract Documents) do not constitute an acceleration
- e) Time is of the essence in the performance of the Work by CONTRACTOR and CONTRACTOR's Subcontractors. CONTRACTOR shall commence performance of the Work immediately upon receipt from BAE SYSTEMS of a separate written instruction to proceed and shall diligently and continuously pursue the Work so as to achieve Substantial Completion of the Work within the Contract Schedule. It is expressly understood and agreed that the time allotted for construction and completion of the Work is reasonable, taking into consideration the five (5) year average climatic conditions as reported at the nearest national weather station and industrial conditions (including, without limitation, labor conditions and availability) prevailing in the locale of the Project and the type of construction planned. In the event CONTRACTOR fails to complete the Work within the Contract Schedule (as that date may be adjusted under the terms of the Contract Documents), CONTRACTOR agrees to reimburse BAE SYSTEMS all damages and expenses incurred by BAE SYSTEMS due to CONTRACTOR's failure to complete the Work by such time.
- f) In the event that the CONTRACTOR anticipates a delay in performance under this Contract, it shall give written notice therefore to BAE Systems within five (5) working days, stating the reasons for the delay and identifying the actions, which CONTRACTOR is taking to minimize the impact of the delay.
- g) In the event delays in the performance of work under this Contract are due to the fault or negligence of CONTRACTOR, its SUBCONTRACTORS or its suppliers, or not otherwise an "excusable delay", CONTRACTOR shall, at its cost, take all necessary measures to recover schedule.
- h) Neither party shall be liable in damages for failure to perform under this Contract due to Excusable Delays (any causes beyond its control and without its fault or negligence, including, but not restricted to, acts of God, acts of War, Governmental Act, fires, floods, epidemics, quarantine restrictions, freight embargo, strikes deemed by BAE Systems to be not under the control of the CONTRACTOR, unusually severe weather, or delay of a SUBCONTRACTOR due to such causes unless the materials, supplies, or services to be furnished under the subcontract are reasonably procurable from other sources.)

30. USE OF STRUCTURE BEFORE ACCEPTANCE

- a) BAE SYSTEMS or others may, during the performance of the Work, enter the structure for the purpose of performing any necessary Work. In doing so BAE SYSTEMS shall endeavor not to interfere with the CONTRACTOR and the CONTRACTOR shall not interfere with other work being done by or on behalf of BAE SYSTEMS.

- b) If, prior to completion and final acceptance of all the Work, BAE SYSTEMS takes possession of any structure (whether completed or otherwise) comprising a portion of the work with the intent of retaining possession thereof (as distinguished from temporary possession contemplating return to the CONTRACTOR), then, while BAE SYSTEMS is in possession, the CONTRACTOR, notwithstanding any other provision herein, shall be relieved of the responsibility for loss or damage to structure other than that resulting from the CONTRACTOR's fault or negligence. Such taking of possession by BAE SYSTEMS shall not relieve the CONTRACTOR from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.

31. WARRANTY AND CORRECTION OF DEFECTS

- a) CONTRACTOR warrants to BAE SYSTEMS that all materials and equipment furnished under the Contract Documents will be new unless otherwise specified, and that all Work will be of good quality, free from faults and defects and in conformance with the Contract Documents. All Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by BAE SYSTEMS, CONTRACTOR shall furnish satisfactory evidence as to the kind and quality of material and equipment being used in the Work. This warranty shall in no way be limited by the provisions of Paragraph "13.e.1" or "13.e.2" hereof and shall be assignable by BAE SYSTEMS as provided by the Contract.
- b) In addition to any other warranties in this Contract, the CONTRACTOR warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or design furnished, or workmanship performed by the CONTRACTOR or any SUBCONTRACTOR or supplier at any tier.
- c) This warranty shall continue for a period of one (1) year from the date of final acceptance of the entire Work.
- d) The CONTRACTOR shall remedy at the CONTRACTOR's expense, any failure to conform or any defect. In addition, the CONTRACTOR shall remedy, at the CONTRACTOR's expense, any damage to BAE SYSTEMS-owned or controlled real or personal property, when that damage is the result of:
- i. The CONTRACTOR's failure to conform to Contract requirements; or
 - ii. Any defect of equipment, material, workmanship, or design furnished.
- e) The CONTRACTOR shall restore any Work damaged in fulfilling the terms and conditions of this clause. The CONTRACTOR's warranty with respect to work repaired or replaced will run for one (1) year from the date of repair or replacement. This time period relates only to the specific obligation of the CONTRACTOR to correct the Work and has no relationship to the time within which CONTRACTOR'S obligation to comply with the Contract Documents or applicable provisions of law.
- f) BAE SYSTEMS shall notify the CONTRACTOR, in writing, within a reasonable time after the discovery of any failure, defect, or damage.
- g) If the CONTRACTOR fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, BAE SYSTEMS shall have the right to replace, repair or otherwise remedy the failure, defect, or damage at the CONTRACTOR's expense.
- h) With respect to all warranties, expressed or implied, from SUBCONTRACTOR'S, manufacturers, or suppliers for work performed and materials furnished under this Contract, the CONTRACTOR shall:

32. INSPECTION AND ACCEPTANCE

- a) The CONTRACTOR shall provide and maintain an inspection system in accordance with sound business practice and as may be otherwise provided in this Contract.
- b) All material and workmanship furnished by the CONTRACTOR, its SUBCONTRACTORS and suppliers shall be subject to inspection, examination and test by BAE SYSTEMS at reasonable times, to the extent practicable, during manufacture or construction and at any and all places where such manufacture or construction is carried on. BAE SYSTEMS may also inspect the plant or plants of the CONTRACTOR or of any of its SUBCONTRACTORS and suppliers engaged in the performance of this Contract. The CONTRACTOR and its SUBCONTRACTORS, without additional charge, shall provide promptly all reasonable data, facilities, labor, materials, and assistance for BAE SYSTEMS's inspectors' performance of their duties. All inspections and tests shall be performed in such manner as not to unduly delay the work. The CONTRACTOR shall be charged with any additional cost of inspection when materials and workmanship are not ready at the time specified for inspection. No inspection or test made prior to final inspection and acceptance shall relieve the CONTRACTOR from responsibility for defects or other failure to meet the requirements of this Contract.
- c) If the Contract Documents, laws, ordinances, rules, regulations or orders of any authority having jurisdiction require any Work to be inspected, tested or approved, CONTRACTOR shall give BAE SYSTEMS timely notice of CONTRACTOR's readiness and of the date arranged so BAE SYSTEMS may observe such inspection, testing or approval. CONTRACTOR shall bear all costs of such inspections, test or approvals conducted at the direction of authorities having jurisdiction. Required certificates of inspection, testing or approval shall be secured by CONTRACTOR and promptly delivered to BAE SYSTEMS.
- d) Should it be considered necessary or advisable by BAE SYSTEMS at any time before final acceptance of the entire Work to make an examination of work already completed, by removing or tearing out same, the CONTRACTOR shall upon request promptly furnish all necessary facilities, labor and material. If such Work is found to be defective or nonconforming in any material respect, the CONTRACTOR shall defray all the expenses of such examination and of satisfactory reconstruction.

- e) When the CONTRACTOR considers that the Work, or a designated portion thereof which is acceptable to BAE SYSTEMS and is substantially complete as defined herein, the CONTRACTOR shall prepare for submission to BAE SYSTEMS a list of items to be completed or corrected. The failure to include any item on such list does not alter the responsibility of the CONTRACTOR to complete all Work in accordance with the Contract Documents. When BAE SYSTEMS on the basis of inspection determines that the Work or designated portion thereof is substantially complete, BAE SYSTEMS will then prepare a Certificate of Substantial Completion which shall establish the Date of Substantial Completion, shall state the responsibilities of BAE SYSTEMS and the CONTRACTOR for security, maintenance, heat, utilities, damage to the Work, and insurance, and shall fix the time within which the CONTRACTOR shall complete the items listed therein. Warranties required by the Contract Documents shall commence on the Date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion. The Certificate of Substantial Completion shall be submitted to CONTRACTOR for CONTRACTOR's written acceptance of the responsibilities assigned to CONTRACTOR in such Certificate.
- f) BAE SYSTEMS shall have the right to reject defective material or workmanship or to require its correction. Rejected workmanship shall be immediately corrected and rejected material shall be immediately replaced with proper material at CONTRACTOR's sole expense. The CONTRACTOR shall promptly segregate and remove the rejected material from the premises. If the CONTRACTOR fails to proceed at once with the replacement of rejected material or the correction of defective workmanship, BAE SYSTEMS may, at its sole discretion, (i) by contract or otherwise, replace such material or correct such workmanship and charge to the CONTRACTOR the cost occasioned BAE SYSTEMS thereby; (ii) without further notice terminate this Contract for default, in accordance with the clause hereof titled "Termination for Default"; or (iii) require a reduction in price which is equitable under the circumstances. BAE SYSTEMS may also charge the CONTRACTOR for any additional cost of inspection or test when prior rejection makes reinspection necessary.
- g) When CONTRACTOR deems the Work finally complete, CONTRACTOR shall give BAE SYSTEMS notice thereof in writing. After receipt of such notice, BAE SYSTEMS will determine if the Work has been completed according to the terms of the Contract and, if so, will notify CONTRACTOR in writing of acceptance thereof as provided below. If the Work is incomplete, BAE SYSTEMS will notify CONTRACTOR of the defects and/or omissions, and CONTRACTOR shall repeat the procedure stated herein until the Work has been completed and accepted. BAE SYSTEMS may also charge CONTRACTOR for any costs of additional inspection and/or transportation when rejection makes reinspection necessary.
- h) Final acceptance of the Work will be confirmed by Letter of Acceptance issued by BAE SYSTEMS promptly after being satisfied that all requirements of the Contract have been met, and presentation of a complete and executed Final Release of All Claims against BAE SYSTEMS and Waiver of Lien. In addition to any waiver or release of lien otherwise provided for in the Contract Documents, CONTRACTOR hereby irrevocably waives and releases, and agrees to require an identical waiver and release from all SUBCONTRACTORS, any right to claim, assert or pursue any lien or attachment of any nature whatsoever upon any equipment or property owned, leased or used by, or under the control of BAE SYSTEMS.
- i) Neither inspection by BAE SYSTEMS, or by any of BAE SYSTEMS' duly authorized representatives; nor any order, measurement, or certificate by BAE SYSTEMS; nor any order by BAE SYSTEMS for the payment of money; nor final payment hereunder; nor acceptance of any Work or any extension of time; nor any possession taken by BAE SYSTEMS or BAE SYSTEMS' lessees or assigns, shall operate as a waiver of any provision of the Contract Documents of any right of BAE SYSTEMS or others as specified thereunder or of any right to damages under the Contract Documents or under law. Any waiver by BAE SYSTEMS or BAE SYSTEMS' lessees or assigns of any breach of the Contract Documents shall not be held to be a waiver of any other or subsequent breach, and any waiver by BAE SYSTEMS of any right to terminate the Agreement shall not be held to be a waiver or any breach of the Contract Documents, but BAE SYSTEMS and BAE SYSTEMS' lessees or assigns retain all of their rights to recover damages therefor.
- j) In addition to any waiver or release of lien otherwise provided for in the Contract Documents, CONTRACTOR hereby irrevocably waives and releases, and agrees to require an identical waiver and release from all SUBCONTRACTORS, any right to claim, assert or pursue any lien or attachment of any nature whatsoever upon any equipment or property owned, leased or used by, or under the control of BAE SYSTEMS.

The CONTRACTOR agrees to indemnify and hold BAE SYSTEMS and its assigns harmless from any damages, cost, claims and liability arising out of claims that said reproduction, use, or disposition infringes upon third party rights. BAE SYSTEMS shall give the CONTRACTOR prompt notice in writing of any suit or action alleging such liability.
- b) BAE SYSTEMS shall be under no obligation to restrict disclosure or use, or hold in confidence any data, software, or information which is furnished, delivered, or disclosed under this Contract, or in connection herewith, or as a result hereof, either directly or indirectly, unless and until an agreement to hold same in confidence or restrict disclosure or use is accepted in writing by BAE SYSTEMS' authorized Procurement Representative. In the absence of such written agreement, BAE SYSTEMS may ignore and disregard any restrictive legend on any such data and software, which shall be void and of no effect whatsoever. Acceptance by BAE SYSTEMS of data or software with a restrictive legend not in full compliance with the terms of this Contract shall in no way imply or create a waiver of such terms, unless first authorized by the BAE SYSTEMS Procurement Representative by written amendment of this Contract.
- c) CONTRACTOR agrees not to deliver or furnish any data or software subject to limited use or reproduction unless otherwise agreed as specified above.
- d) If any services, articles, or parts thereof, contracted for hereunder are performed or made to data, standards, plans, drawings or designs furnished by BAE SYSTEMS, the CONTRACTOR shall not reproduce, use, or disclose to others any such information without BAE SYSTEMS's written consent, nor without such written consent, supply or disclose any information regarding any such services or articles, or equipment or any material used therein, nor incorporate in other services, products, or articles any special features of design or manufacture peculiar to the services or articles contracted for under this Contract.

41. SAFETY AND ACCIDENT PREVENTION

 - (2) Comply with the safety rules of BAE SYSTEMS that concern related activities not directly addressed in this Contract;
 - (3) Take all reasonable steps and precautions to prevent accidents and preserve the life and health of BAE SYSTEMS and CONTRACTOR personnel performing or in any way coming in contact with the performance of this Contract; and
 - (4) Take such additional immediate precautions as BAE SYSTEMS may reasonably require for safety and accident prevention purposes.
- (5) Be responsible for informing all CONTRACTOR and SUBCONTRACTOR employees of any hazards associated with the job site.

- b) The BAE SYSTEMS Procurement Representative or designated Field Representative may, by written order, direct additional safety and accident standards as may be required in the performance of this Contract and any adjustments resulting from such direction will be in accordance with the Changes clause of this Contract.
- c) The CONTRACTOR shall be responsible for the identification and marking of all existing subsurface underground utilities in or around any areas of the Work, utilizing "Dig Safe" or an equivalent utility identification/marketing service(s). The CONTRACTOR agrees that all live pipe and conduit lines encountered in the performance of the work under this Contract shall be: 1) protected and supported, 2) cut-off and capped, 3) or re-routed under supervision of persons certified for the appropriate trades, as required. CONTRACTOR shall promptly and properly notify BAE Systems, and other parties involved, and will obtain express written permission and approval from BAE Systems and the other parties involved prior to interfering or beginning work upon such live pipe or conduit lines.
- d) The CONTRACTOR shall immediately notify and promptly report to BAE SYSTEMS, any accident, incident or exposure resulting in fatality, lost-time, occupational injury or occupational disease; or, contamination of property or property loss of \$10,000 or more arising out of Work performed under this Contract; provided, however, the CONTRACTOR will not be required to include in any report an expression of opinion as to the fault or negligence of any employee. In addition, the CONTRACTOR shall comply with any illness, incident and injury experience reporting requirements set forth in the Contract. The CONTRACTOR will investigate all such work-related incidents or accidents to the extent necessary to positively determine the cause, and furnish BAE SYSTEMS with a report, in such form as BAE SYSTEMS may require, of the investigative findings, together with proposed and/or completed corrective actions.
- e) Any violation of these safety rules and requirements, unless promptly corrected as directed by the BAE SYSTEMS Procurement Representative or designated Field Representative, shall be grounds for termination of this Contract in accordance with the Termination for Default clause of this Contract.
- f) CONTRACTOR shall be responsible for and hereby agrees to indemnify and save BAE SYSTEMS harmless from any and all:
 - (1) damage to the property of BAE SYSTEMS, the CONTRACTOR or other CONTRACTORS or SUBCONTRACTORS; or
 - (2) injury to employees of BAE SYSTEMS, the CONTRACTOR, or other CONTRACTORS or subcontracts; or

- g) The CONTRACTOR shall cause the substance of this clause including this paragraph g) and any applicable Schedule Provisions to be inserted in subcontracts of every tier which: (i) amount to \$1,000,000 or more unless BAE SYSTEMS makes a written determination that this is not required; (ii) require construction, repair, or alteration in excess of \$10,000; or (iii) the CONTRACTOR, regardless of dollar amount, determines that hazardous materials or operations are involved.
- h) In any emergency affecting the safety of persons or property, CONTRACTOR shall act, at CONTRACTOR'S discretion, to prevent threatened damage, injury or loss.

42. CESSATION OF WORK

- a) BAE SYSTEMS' Procurement Representative may order the CONTRACTOR, in writing, to suspend, delay, or interrupt all or any part of the Work of this Contract for the period of time that BAE SYSTEMS determines necessary and appropriate.
- b) If CONTRACTOR fails to correct Work which is not in accordance with the requirements of the Contract Documents or fails to carry out Work in accordance with the Contract Documents, BAE SYSTEMS, by written order, signed by the Procurement Representative or assigned Field Representative, may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of BAE SYSTEMS to stop the Work shall not give rise to a duty on the part of BAE SYSTEMS to exercise the right for the benefit of CONTRACTOR or any other person or entity.
- c) If the performance of all or any part of the Work is, for an unreasonable period of time, suspended, delayed, or interrupted beyond the period of time stated in Suspension of Work order because of BAE SYSTEMS' failure to act within the time specified, an adjustment shall be made for any increase in the cost of performance of this Contract, excluding profit, necessarily caused by the unreasonable suspension, delay, or interruption, and the Contract shall be modified in writing accordingly. BAE SYSTEMS will not be considered unreasonably suspending, delaying, or interrupting the performance of this Contract if the suspension, delay, or interruption is at the direction of the Federal, State or local government. Additionally, no equitable adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the CONTRACTOR, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract.
- d) An equitable adjustment or claim under this clause shall NOT be allowed: (A) for any costs incurred more than twenty (20) days before the CONTRACTOR shall have notified BAE SYSTEMS, in writing, of the act or failure involved (but this requirement shall not apply as to a claim resulting from the suspension order), and (B) unless the claim, in an amount stated, is asserted in writing as soon as possible after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Contract.
- e) Nothing provided in this clause shall excuse the CONTRACTOR from diligently continuing with performance of Work not suspended, delayed, or interrupted.

43. TERMINATION FOR CONVENIENCE

- a) BAE SYSTEMS may terminate performance of Work under this Contract in whole or, from time to time, in part if BAE SYSTEMS determines that a termination is in BAE SYSTEMS' interest. BAE SYSTEMS shall terminate by delivering to the CONTRACTOR a "Notice of Termination" specifying the extent of termination and the effective date.

- b) After receipt of a Notice of Termination, and except as directed by BAE SYSTEMS Procurement Representative, the CONTRACTOR shall immediately proceed with the following obligations regardless of any delay in determining or adjusting any amounts due under this clause:
- (A) Cease Work as specified in the notice;
 - (B) Place no further Subcontracts or orders for materials, services, or facilities, except as necessary to complete the continued portion of the Contract;
 - (C) Terminate all Subcontracts to the extent they relate to the Work terminated;
 - (D) Assign, as directed by the BAE SYSTEMS Procurement Representative, all right, title, and interest of the CONTRACTOR under the Subcontracts terminated, in which case BAE SYSTEMS shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 - (E) To the extent required by BAE SYSTEMS, settle all outstanding liabilities and termination settlement proposals arising from the termination of Subcontracts.
 - (F) As directed by BAE SYSTEMS Procurement Representative, transfer title and deliver to BAE SYSTEMS (i) the fabricated or unfabricated parts, Work in process, completed Work, supplies, and other material produced by or acquired for the Work terminated, and (ii) the completed or partially completed plans, drawings, information, and other property that, if the Contract had been completed, would be required to be furnished to BAE SYSTEMS.
 - (G) Complete performance of the Work not terminated.
 - (H) Take any action that may be necessary, or that BAE SYSTEMS Procurement Representative may direct, for the protection and preservation of the property related to this Contract that is in the possession of the CONTRACTOR and in which BAE SYSTEMS has or may acquire an interest.
- c) The CONTRACTOR shall submit to BAE SYSTEMS a list, certified as to quantity and quality, of termination inventory.
- d) After termination, the CONTRACTOR shall submit a final termination settlement proposal to BAE SYSTEMS Procurement Representative in the form and with the certification prescribed by BAE SYSTEMS. The CONTRACTOR shall submit the proposal promptly, but no later than ninety (90) days from the effective date of termination, unless extended in writing by BAE SYSTEMS Procurement Representative upon written request of the CONTRACTOR within this 90-day period. However, if BAE SYSTEMS Procurement Representative determines that the facts justify it, a termination settlement proposal may be received and acted on after the 90 days or any extension. If the CONTRACTOR fails to submit the proposal within the time allowed, BAE SYSTEMS' Procurement Representative may determine the basis of settlement on information available, the amount, if any, due the CONTRACTOR because of the termination and shall pay the amount determined.
- e) Subject to paragraph "d" above, the CONTRACTOR and BAE SYSTEMS may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on Work done. However, the agreed amount, whether under this paragraph "e" or paragraph "f" below may not exceed the total Contract sum as reduced by (i) the amount of payments previously made and (ii) the contract price of Work not terminated. The Contract shall be amended, and the CONTRACTOR paid the agreed amount. Paragraph " " below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- f) If the CONTRACTOR and BAE SYSTEMS fail to agree on the whole amount to be paid the CONTRACTOR because of the termination of Work, BAE SYSTEMS shall pay the CONTRACTOR the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph " " above:
- (A) For Contract Work performed before the effective date of termination, the total (without duplication of any items) of:
 - (i) the cost of this performed Work;
 - (ii) the cost of settling and paying termination settlement proposals under terminated Subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (i) above; and
 - (iii) a sum, as profit on (i) above, in effect on the date of this Contract, to be fair and reasonable; however, if it appears that the CONTRACTOR would have sustained a loss on the entire contract had it been completed, this subdivision (iii) and shall reduce the settlement to reflect the indicated rate of loss.
 - (B) The reasonable costs of settlement of the Work terminated; and
 - (C) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- g) Except to the extent that BAE SYSTEMS expressly assumed the risk of loss, BAE SYSTEMS shall exclude from the amounts payable to the CONTRACTOR under paragraph "f" above, the fair value, as determined by BAE SYSTEMS Procurement Representative, of Work that is destroyed, lost, stolen, or damaged so as to become undeliverable to BAE SYSTEMS.
- h) In arriving at the amount due the CONTRACTOR under this clause, there shall be deducted:
- (A) payments to the CONTRACTOR under the terminated portion of this Contract;
 - (B) any claim which BAE SYSTEMS has against the CONTRACTOR under this Contract; and
 - (C) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the CONTRACTOR or sold under the provisions of this clause and not recovered by or credited to BAE SYSTEMS.
- i) If the termination is partial, the CONTRACTOR may file a proposal, with BAE SYSTEMS' Procurement Representative, for an equitable adjustment of the continued portion of the Contract. Any proposal, by the CONTRACTOR for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by BAE SYSTEMS' Procurement Representative.
- j) Unless otherwise provided in this Contract or by statute, the CONTRACTOR shall maintain all records and documents relating to the terminated portion of this Contract and provide a copy to BAE SYSTEMS on final settlement. This includes all books and other evidence bearing on the CONTRACTOR's costs and expenses under this Contract. The CONTRACTOR shall make these records and documents available to BAE SYSTEMS without charge. Photographs, microphotographs, or other authentic reproductions may be provided instead of original records and documents.

44. TERMINATION FOR DEFAULT

- a) Time is of the essence of this Contract.
- b) BAE SYSTEMS may, by written notice, without prejudice to any other rights or remedies and without notice to sureties, terminate all or a portion of the Contract if the CONTRACTOR:
 - (A) refuses or fails to supply enough properly skilled workers or proper materials;
 - (B) fails to make payment to SUBCONTRACTORS for materials or labor in accordance with the respective agreements between the CONTRACTOR and the SUBCONTRACTORS;
 - (C) disregards laws, ordinances, rules, regulations or orders of a public authority having proper jurisdiction;
 - (D) otherwise, is guilty of breach of any provision of Contract Documents;
 - (E) refuses or fails to prosecute the Work, or any separable part thereof, or to perform other requirements under this Contract, with such diligence as will ensure Project completion within the time specified in this Contract, or any extension thereof; or
 - (F) fails to complete the Work within the time set forth in the Contract Schedule.

In such event BAE SYSTEMS may take over the Work and prosecute the same to completion, by contract or otherwise and BAE SYSTEMS may take possession of and use any materials, appliances, and plant on the Project Site necessary for completing the Work and the CONTRACTOR and CONTRACTOR's sureties shall be liable to BAE SYSTEMS for any excess cost occasioned to BAE SYSTEMS thereby, and for liquidated damages for delay, as fixed in the specifications or accompanying documents, until such reasonable time as may be required for the final completion of the Work, or if liquidated damages are not so fixed, actual damages occasioned by such delay.

- c) No exercise by BAE SYSTEMS of BAE SYSTEMS' right to take over and terminate the Work, in whole or in part, shall operate as a waiver of any other BAE SYSTEMS' rights, or prevent BAE SYSTEMS from exercising such rights, and the right of BAE SYSTEMS to so act is without prejudice to BAE SYSTEMS' rights and without waiver of the liabilities and obligations of CONTRACTOR or any SUBCONTRACTORS, as the case may be, nor shall such act impair the right of BAE SYSTEMS to specific performance, injunction, any other equitable remedy or right to money damages.
- d) If BAE SYSTEMS does NOT terminate the right of the CONTRACTOR to proceed, as provided above, the CONTRACTOR shall continue the Work not terminated, in which event CONTRACTOR's sureties shall be liable to BAE SYSTEMS, in the amount set forth in the specifications, or accompanying documents, for fixed, agreed, liquidated damages for each calendar day of delay until the Work is completed or accepted, or if liquidated damages are not so fixed, actual damages occasioned by such delay.
- e) The right of the CONTRACTOR to proceed shall not be terminated, as provided in paragraph "b" above, nor the CONTRACTOR charged with liquidated or actual damages, as provided in this paragraph because of any delays in the completion of the Work due to unforeseeable causes beyond the control and without the fault or negligence of the CONTRACTOR, including, but not restricted to: (A) acts of God or the public enemy, (B) acts of the Government in the Government's sovereign capacity, (C) acts of another contractor in the performance of a contract with BAE SYSTEMS, (D) fires, (E) floods, (F) epidemics, (G) quarantine restrictions, (H) freight embargoes, (I) unusually severe weather, or (J) delays of SUBCONTRACTORS or suppliers due to such specified causes herein; provided, that the CONTRACTOR shall within ten (10) days from the beginning of any such delay, notify BAE SYSTEMS Procurement Representative in writing of the specific cause of delay.
- f) BAE SYSTEMS shall ascertain the facts and the extent of the delay. If BAE SYSTEMS so determines the facts warrant such action, the time for completing the Work may be extended. The findings of BAE SYSTEMS shall be final and conclusive on the parties, but subject to appeal under the Disputes Clause.
- g) If, after notice of termination of the CONTRACTOR's right to proceed under the provisions of this clause, it is determined for any reason that the CONTRACTOR was not in default under the provisions of this clause, or that the delay was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the clause entitled "Termination for Convenience".

7. CAS NONCOMPLIANCE

Award of this Contract does not constitute a determination that the CONTRACTOR's disclosed and applied accounting practices used in pricing this Contract are in compliance with the Cost Accounting Standards (CAS) (if CAS is applicable). BAE SYSTEMS retains its right to adjust the Contract price under the CAS clauses of this Contract if a subsequent final determination of noncompliance is made by the Government.

Such property shall subsequently be transported only on United States-flag vessels as directed by BAE SYSTEMS.

11. CONTROVERSIES

In the event that Seller asserts any claim against BAE SYSTEMS for additional compensation or damages for breach of contract; and if such claim, if valid, would entitle BAE SYSTEMS to relief, in whole or in part, under BAE SYSTEMS' higher tier contract; Seller shall institute no action or suit against BAE SYSTEMS in any court; until BAE SYSTEMS has exhausted its remedies (unless not otherwise timely pursued) under such higher tier contract before any relevant contracting officer, board of contract appeals, and courts (hereinafter collectively "Adjudicative Bodies"); and the findings of fact and conclusions of law of such Adjudicative Bodies, if BAE SYSTEMS shall have afforded Seller an opportunity to participate in proceedings before such Adjudicative Bodies, shall be binding as collateral estoppel on BAE SYSTEMS and Seller. In no event shall decisions of Adjudicative Bodies contemplated by this clause determine issues of fact or of law between BAE SYSTEMS and Seller not cognizable before such Adjudicative Bodies.
