 - iv. Except as otherwise expressly provided to the contrary in these General Provisions or in the statement of work of this Contract, any statements in specifications or other documents incorporated in this Contract by reference designating performance of this Contract at Supplier's expense or at no cost to BAE Systems will be disregarded for purposes of cost reimbursement under this provision.

In either event, BAE Systems may terminate this Contract without additional cost or other liability.
- j) All export-controlled data or technology must contain markings identifying the relevant regulatory jurisdictions prior to export, transmittal to, and receipt from, the Supplier and BAE Systems. Such markings are required regardless of the mode of transmittal (e.g., hard copy or electronic).
- k) Under this Contract, the Supplier acknowledges and confirms that the sale, manufacture, export, or brokerage of defense articles or provision of defense services, as those articles and services are defined in the ITAR and enumerated on the U.S. Munitions List (22 C.F.R. 121), mandates registration with the Directorate of Defense Trade Controls (DDTC), U.S. Department of State. If Supplier is engaged in the business of either selling, exporting, manufacturing, or brokering of (whether exporting or not) defense articles or furnishing defense services, Supplier represents that it maintains an effective export/import compliance program in accordance with the ITAR and it is registered as such with the United States Department of State's Directorate of Defense Trade Controls.
- l) Supplier shall flow down export and import compliance requirements by contract to its suppliers, vendors, and subcontractors who support BAE Systems Contracts and purchase orders. Supplier shall, on request, provide information to BAE Systems on the country of origin of any Goods supplied to BAE Systems, including any and all components, subcomponents, and raw materials contained therein.
- m) Export Classification (when specifically requested by BAE Systems)
 - i. Supplier shall notify BAE Systems if any deliverable under this Contract, for which BAE Systems is not the design authority, is subject to export and import control laws and regulations described in the Export Control section of this Contract). Before providing BAE Systems any deliverable, Supplier shall provide, in writing to the BAE Systems' Procurement Representative, the relevant export classification to include the following:
 - A. Dual use goods and technology subject to the EAR, including any embedded or related ITAR-controlled, or EAR 500 or 600 series' item or technology;
 - B. Defense article (which includes both hardware and technical data) or defense service, controlled by the ITAR;
 - C. Item or technology controlled by the UK or EU Lists of Dual Use or Military Goods, or by other applicable government published export control lists.

D. Identify lower controlled classifications, such as EAR99, when applicable.

1. Subsequent to the initial disclosure above, Supplier shall timely notify the BAE Systems' Procurement Representative, in writing, of any changes to the export classification information of the item or controlled data.
2. Supplier represents and certifies that it has properly determined the relevant export classification of the deliverable.

n) Supplier warrants that it is not (i) a Specifically Designated National or Blocked Person pursuant to the list published by the U.S. Office of Foreign Asset Control (OFAC Listed Person), or (ii) a Department, Agent, or Instrumentality of, or otherwise controlled by or acting on behalf of any OFAC Listed Person or the Government of a Country subject to comprehensive U.S. economic sanctions administered by OFAC. Supplier further warrants that it will provide immediate written notice to BAE if it becomes subject to either of the foregoing.

34. OCCUPATIONAL SAFETY AND HEALTH

a) Supplier shall promptly notify BAE Systems in writing of any charge of noncompliance filed with the Occupational Safety and Health Act of 1970, as amended, against Supplier arising from or related to the performance of this Contract on premises owned, leased, or operated by BAE Systems or its Customer.

35. ANTICORRUPTION

a) Supplier shall comply with all applicable laws and regulations relating to anti-corruption or anti-bribery including as applicable any U.S. Federal or State law governing public corruption, and the Foreign Corrupt Practices Act, as amended ("FCPA") (15 U.S.C. §§ 78dd-1, et., seq.), regardless of whether the Supplier is within the jurisdiction of the U.S. Supplier shall immediately notify BAE Systems in writing if it or any of its owners, directors, officers, employees, or agents commits a violation of any such law or regulation.

b) Supplier certifies and represents that it has not made or solicited and will not make or solicit any offer, payment, promise to pay, or authorization to pay any money, gift, or anything of value to any governmental official or any political party, party official or candidate, or any other person, either directly or through an intermediary, corruptly for the purpose of influencing any act, omission, or exercise of influence by the recipient, to assist BAE Systems or Supplier in obtaining or retaining business or obtaining any business advantage.

c) Except as otherwise disclosed, none of Supplier's owners, directors, officers, or employees is a government official or is closely related to a government official. Supplier will notify BAE Systems in writing if any of its owners, directors, officers or employees subsequently becomes a government official.

d) Supplier shall ensure that all lower tier subcontracts include this Anticorruption provision.

Section C: Quality/Performance Control Provisions

36. QUALITY CONTROL SYSTEM

a) Supplier agrees to provide and maintain a quality control system for the Goods to an industry recognized quality standard acceptable to BAE Systems. Supplier shall permit, authorized Customer representatives, and regulatory authorities to review facilities, procedures, practices, processes, and related documents to determine such acceptability. Supplier shall ensure its employees are aware of their contribution to and importance of product conformity, product safety, and ethics requirements. Supplier agrees to include, and to require its subcontractors to include, the substance of this provision, including this sentence, in each of its subcontracts under this Contract. Further, Supplier shall comply with any other specific quality requirements identified in this Contract.

b) Supplier shall keep records of all quality control inspection work complete and available to BAE Systems and its Customers.

- c) Supplier agrees to notify the BAE Systems Procurement Representative about changes in an item or process, which affect compliance with applicable Specifications, Technical Data Sheets, or reliability of the Good, changes of suppliers, and changes of manufacturing facility locations.
- d) Supplier shall maintain all hardware, data, other documentation, tooling, and equipment required by Supplier during the performance of this Contract under configuration control. BAE Systems' approval of a drawing package shall constitute a baseline release for hardware fabrication. BAE Systems' approval of other such documentation shall likewise constitute a baseline release for applicable activities. Upon receipt of such approval, the Supplier shall not implement any change in design, processes, controls, parts, or proprietary data released to BAE Systems thereafter to internal functions or second-tier suppliers without BAE Systems' prior written approval.
- e) The Supplier shall submit major engineering change orders ("ECO"s) to BAE Systems for written approval prior to implementing any such changes. BAE Systems' approval shall in no way relieve the Supplier from complying with the requirements of this Contract, nor does approval relieve the Supplier of technical responsibility for the design. The Supplier shall further submit minor ECOs for informational purposes. Supplier shall refer any classification disagreements to BAE Systems for a final decision.
- f) Supplier shall maintain a foreign object debris/damage ("FOD") prevention program. When applicable, Supplier's FOD prevention program shall include:
 - i. The review of design and manufacturing processes to identify areas and paths through which foreign objects can migrate, and eliminate those areas and paths of foreign object entrapment.
 - ii. Supplier shall employ appropriate housekeeping practices to ensure timely removal of residue/debris, if any, generated during manufacturing operations or tasks.
 - iii. Supplier shall determine if sensitive areas that may have a high probability for introduction of foreign objects should have special emphasis controls in place appropriate for the manufacturing environment.
 - iv. By delivering Goods to BAE Systems, Supplier certifies to BAE Systems that such items are free from any foreign material that could result in FOD.

37. COUNTERFEIT PARTS: PREVENTION AND NOTIFICATION (Note: If DFARS 252.246-7007 is applicable to this procurement, it takes precedence for any differing terms and conditions for Electronic Parts (as defined below) within this specific provision with the exception of subsections: a) i., b), d), and f))

a) Definitions for purposes of this Contract:

- i. "Counterfeit Part" means a part that is (1) an unauthorized copy or substitute that has been identified, marked, and/or altered by a source other than the item's legally authorized source and has been misrepresented to be an authorized item of the legally authorized source and/or (2) a previously used part provided as "new."
- ii. "Counterfeit Electronic Part" means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified electronic part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used electronic parts represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.
- iii. As used herein, "authentic" means (A) from the legitimate source claimed or implied by the marking and design of the product offered; and (B) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.
- iv. "Independent Distributors" are persons and businesses that are not part of an original component manufacturer's authorized distribution chain. These are also known as non-franchised distributors, unauthorized distributors, or brokers.
- v. "Electronic Part" means an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode), or a circuit assembly (section 818(f)(2) of Pub. L. 112-81.)
- vi. "Original Component Manufacturer" or "OCM" means an organization that designs and/or engineers a part and is pursuing or has obtained the intellectual property rights to that part.
- vii. "Original Equipment Manufacturer" or "OEM" means an organization that designs, manufactures or engineers product comprised of various parts and is pursuing or has obtained the intellectual property rights to that product.

- viii. "Suspect Counterfeit Electronic Part" means an Electronic Part for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Electronic Part is authentic.
- b) Supplier represents and warrants that it uses or will use only new and authentic materials in items delivered to BAE Systems and that the Goods delivered contain no Counterfeit Parts. Supplier will not use any material, part, or component that is not a new and authentic part, unless approved in advance in writing by the BAE Systems Procurement Representative. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Supplier shall only purchase and use authentic parts/components directly from the OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. At BAE Systems' request, Supplier must make available all manufacturing source of origin documentation that authenticates traceability for each electronic part, subpart, component, and/or subcomponent included in the Goods down to the OEM/OCM of such electronic part, subpart, component, and/or subcomponent. This Contract does not authorize Supplier to purchase or use parts/components from Independent Distributors. BAE Systems, at its sole discretion, may approve Supplier's use of an Independent Distributor. Supplier's request to use an Independent Distributor must include manufacturing source of origin documentation that authenticates traceability as required by BAE Systems, complete and compelling support for its request, and actions needed to ensure that the parts/components thus procured and used are new and authentic parts. Supplier shall not deliver any items procured from an Independent Distributor unless it has received written approval from BAE Systems' Procurement Representative. Where BAE Systems must obtain its Customer's approval of Supplier's request to purchase from an Independent Distributor, any time attributed to the processing of such requests does not constitute a basis for excusable delay on part of the Supplier. BAE Systems' approval of a Supplier request(s) does not relieve Supplier of its responsibility to comply with all Contract requirements, including the representations and warranties in this provision.
- c) Supplier shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification to and approval from the BAE Systems Procurement Representative before parts/components are procured and used from sources other than OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. Upon BAE Systems' request, Supplier shall provide copies of such documentation for its system for BAE Systems' inspection. Supplier's system shall be consistent with applicable industry standards, AS5553 at a minimum, for the detection and avoidance of Counterfeit Electronic Parts and Suspect Counterfeit Electronic Parts, including policies and procedures for training personnel, designing and maintaining systems to mitigate risks associated with parts obsolescence, making sourcing decisions, prioritizing mission critical and sensitive components, ensuring traceability of parts, developing lists of trusted and non-trusted suppliers, flowing down requirements to subcontractors, inspecting and testing parts, reporting and quarantining Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and taking corrective action.
- d) If the Supplier is providing electronic components/devices only, or value added services that include the acquisition of components/devices in conjunction with these services, it certifies as follows:

Certification of Origin of Product:

Acceptance of this Contract constitutes confirmation by the Supplier that it is the Original Equipment Manufacturer (OEM)/Original Component Manufacturer (OCM), or a franchised or authorized distributor of the OEM/OCM for the product herein procured. Supplier further warrants that OEM/OCM acquisition documentation that authenticates traceability of the components to that applicable OEM/OCM is available upon request. If the Supplier is not the OEM/OCM or a franchised or authorized distributor, the Supplier confirms by acceptance of this Contract that it has been authorized in writing by BAE Systems to act on BAE Systems behalf to procure from the OCM or a franchised or authorized distributor of the OEM/OCM. The Supplier further warrants that OEM/OCM acquisition traceability documentation is accurate and available to BAE Systems upon BAE Systems' request and Supplier will retain such information as a quality record in accordance with the "Maintenance of Records" provision contained herein.

- e) Supplier shall flow the requirements of this provision to its subcontractors and suppliers at any tier for the performance of this Contract.
- f) Notifications: Supplier shall notify BAE Systems promptly, but in no event later than seven (7) Days of discovery in the event that Supplier becomes aware of a Counterfeit Part or Suspect Counterfeit Part that, by any means, has been delivered to BAE Systems, or acquired for this Contract whether or not delivered to BAE Systems. Supplier will request verification of receipt of this notification from BAE Systems. This requirement will survive this Contract.
- g) Supplier shall be liable for the cost of Counterfeit Parts and Suspect Counterfeit Electronic Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion of such parts.

- h) Supplier shall quarantine Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and make them available for investigation by appropriate government authorities. Supplier shall not return Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts to the supply chain unless and until such time the parts are determined to be authentic.

38. PACKING AND SHIPMENT

- a) Unless otherwise specified, Supplier shall pack all Goods in accordance with good commercial practice.
- b) Supplier shall include a complete packing list with all shipments. Supplier shall mark containers or packages with necessary lifting, loading, and shipping information, including the BAE Systems Contract number, item number, dates of shipment, and the names and addresses of consignor and consignee. Bills of lading shall include this Contract number.
- c) Unless otherwise specified, delivery shall be in accordance with INCOTERMS 2020 DAP at the place of BAE Systems identified in the order.
- d) Supplier shall not supply Goods in excess of quantities specified in this Contract. Supplier shall be liable for handling charges and return shipment costs for any excess quantities.

39. TIMELY PERFORMANCE

Supplier's timely performance is a critical element of this Contract and time is of the essence. If Supplier becomes aware of difficulty in performing this Contract, Supplier shall timely notify BAE Systems in writing, giving pertinent details. This notification does not change the performance schedule.

40. INSPECTION, ACCEPTANCE, AND CORRECTIVE ACTION

- a) Inspection or Observation. BAE Systems and its Customer may inspect and observe the performance of this Contract at all reasonable times. Supplier shall provide all information and assistance necessary for safe and convenient inspection or observation without additional charge.
- b) Acceptance.
 - i. BAE Systems shall accept the Goods or give Supplier notice of rejection within thirty (30) Days after the date of delivery or written notice of completion of the Goods, whichever is later, notwithstanding any payment or prior test or inspection. No payment, inspection, test, delay, approval, failure to inspect/test, or failure to discover any defect or other nonconformance shall relieve Supplier of any obligations under this Contract or any order or impair any rights or remedies of BAE Systems or BAE Systems' Customers, including revocation of acceptance. Acceptance by BAE Systems of any Goods shall not limit or affect any warranty or right of indemnity.
 - ii. The following clause is applicable to all Goods except for the provision of Goods under a Cost Reimbursable Contract: (i) If Supplier provides non-conforming Goods, BAE Systems may: (A) accept all or part of such Goods at an equitable price reduction; or (B) make, or have a third party make all repairs, corrections, or modifications necessary to enable such Goods to comply in all respects with Contract requirements and charge the cost incurred to Supplier.
- c) Corrective Action Request ("CAR"). BAE Systems may issue a CAR to Supplier for nonconforming Goods, and Supplier shall respond to BAE Systems by the due date listed on the CAR form. Failure to respond in a timely manner may cause BAE Systems to halt subsequent orders until it receives an acceptable CAR response. Supplier shall address all fields in the CAR form, including root cause of the noncompliance using a "root cause methodology tool" and a corrective action addressing the root cause. Supplier shall present all corrective actions to BAE Systems for review and approval, and shall not correct or rework nonconforming Goods without disclosing the corrective action taken. Any re-work or other correction shall be completed within the time as BAE Systems' Procurement Representative may reasonably direct.
- d) Shipment of Non-Conforming Goods. Supplier shall notify BAE Systems Procurement Representative of non-conforming Goods, which cannot be reworked to meet the requirements of this Contract. Supplier shall obtain prior written authorization from BAE Systems Procurement Representative prior to Supplier's shipment of such non-conforming Goods to BAE Systems. Supplier also shall immediately notify BAE Systems Procurement Representative of any previously delivered Good that do not meet the requirements of this Contract upon discovery of such non-conformance.
- e) Cost Reimbursable Line Items/Contracts. To the extent this Contract includes Cost Reimbursable Line Items or is Cost Reimbursable in totality, the subsections below are applicable:

- i. If Supplier provides nonconforming Goods, BAE Systems may require Supplier to promptly correct or re-perform the nonconforming Goods. The cost of re-performance or correction will be included in allowable cost, determined as provided in the Allowable Cost and Payment clause, but BAE Systems will pay no additional fee.
- ii. Notwithstanding subsection (e)(i) above, BAE Systems may at any time require the Supplier to remedy any failure by the Supplier to comply with the requirements of this Contract by correction or re-performance at no cost to BAE Systems, if the failure is due to (A) fraud, lack of good faith, or willful misconduct on the part of the Supplier's managerial personnel; or (B) the conduct of one or more of the Supplier's employees selected or retained by the Supplier after any of the Supplier's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

41. WARRANTY/REPRESENTATIONS/NON-CONFORMING GOODS

a) Goods Warranty. Supplier represents and warrants that:

- i. it and each of its personnel assigned to perform hereunder have the proper skill, training, and background to be able to perform in a competent and professional manner and all work will be performed in accordance with the applicable statement of work and this Contract; it is and shall remain free of any obligation or restriction which would interfere or be inconsistent with, or present a conflict of interest concerning the Goods to be furnished by Supplier under this Contract;
- ii. BAE Systems will receive free, good, and clear title to all deliverables developed under this Contract;
- iii. If the any Goods or any part of the Goods provided under this Contract are a commercial item, the commercial warranty will be transferred to BAE Systems; and
- iv. All Goods provided pursuant to this Contract shall strictly conform to all specifications, and descriptions, and other requirements of this Contract.

b) Additional Warranties. In addition to the foregoing warranties, statements of work may contain additional warranties that specifically apply to such statement of work.

c) Warranty Period. The warranty begins upon acceptance of the Good by BAE Systems or BAE Systems' Customer, whichever is later, and extends for a period of one (1) year unless a longer term is specified in writing in which event the longer term applies. If the Good fails to conform to the foregoing warranty, Supplier shall, at BAE Systems' option and without additional charge, promptly repair or replace Good. If repair or replacement of the Good is not timely or fails to correct the non-conformity, BAE Systems may elect to re-procure or re-perform the Good at Supplier's expense. All warranties run to BAE Systems and its Customers.

d) Malicious Technology. Supplier warrants that the Goods will not: (A) contain any Malicious Technology, (B) monitor BAE Systems' use of the Goods; (C) replicate, transmit or activate itself without control of a person operating the computing equipment on which it resides; or (D) alter, damage or erase any data or computer programs resident on BAE Systems computers or hardware without control of a person operating the computing equipment on which it resides. If Supplier is in breach of this subsection, no "right to cure" period will apply. BAE Systems reserves the right to pursue any available civil or criminal action against Supplier for violation of this provision. Supplier will not install, use, or execute any software on any BAE Systems central processing unit without BAE Systems' written approval. Supplier acknowledges that it does not have any right to electronically repossess or use any self-help related to the Good.

42. PARTS OBSOLESCENCE

- a) "Obsolete Electronic Part" means an electronic part that is no longer in production by the original manufacturer or an aftermarket manufacturer with express written authorization from the current design activity or original manufacturer.
- b) Supplier shall take appropriate actions to mitigate Electronic Parts obsolescence in order to maximize the availability and use of authentic, originally designed, and qualified Electronic Parts throughout the product's lifecycle.
- c) BAE Systems may desire to place additional orders for items purchased hereunder. Supplier shall provide BAE Systems with a "Last Time Buy Notice" at least twelve (12) months prior to any action to discontinue any item purchased under this Contract.
- d) Supplier shall notify BAE Systems if parts they have supplied contain materials at risk of future obsolescence or supply risk due to current or proposed regulations and/or standards, either domestic or foreign, including but not limited to those set forth in Section 30(g) Hazardous Materials.

43. SOFTWARE; ARTIFICIAL INTELLIGENCE

- a) Open Source Software: Without the prior written approval of BAE Systems, which BAE Systems may withhold in its sole discretion, Supplier shall not incorporate any Open Source Software, including any source code governed by an Open Source license, into the Good to be provided under this Contract. When seeking BAE Systems written approval, Supplier shall identify all Open Source Software proposed to be incorporated into its Good, as well as a complete source code listing of the Software comprising the Good with a description of the operation of the Software in English and machine-readable form, together with copies of any license agreements required to be accepted.
- b) Computer Software: Notwithstanding any provisions to the contrary contained in any Supplier's standard commercial license or lease agreement, Supplier agrees that the Restricted Software delivered under this Contract shall provide the following rights to BAE Systems and the U.S. Government.
- c) The Restricted Software may be:
- i. Used or copied for use in or with the computer or computers for which it was acquired, including use at any U.S. Government installation to which such computer or computers may be transferred;
 - ii. Used or copied for use in or with a backup computer if any computer for which it was acquired is inoperative;
 - iii. Reproduced for safekeeping (archives) or backup purposes;
 - iv. Modified, adapted, or combined with other Software, if the modified, combined, or adapted portions of the derivative software incorporating any of the delivered, Restricted Software shall be subject to same restrictions set forth in this Contract;
 - v. Disclosed to and reproduced for use by support service contractors or their subcontractors, subject to the same restrictions set forth in this Contract; and
 - vi. Used or copied for use in or transferred to a replacement computer.
- d) Release from liability. Supplier agrees that the U.S. Government and BAE Systems, and other persons to whom the U.S. Government or BAE Systems may have released or disclosed Restricted Software delivered or otherwise furnished under this Contract, shall have no liability for any release or disclosure of such Restricted Software that is not marked to indicate that such Restricted Software is licensed data subject to use, modification, reproduction, release, performance, display, or disclosure restrictions.
- e) Use of Artificial Intelligence Tools. Supplier is prohibited from using, directly or indirectly, any artificial intelligence tools (e.g., Generative AI, including large language models) in providing the Work under this Contract without prior written authorization from BAE Systems. Such use includes inputting BAE Systems Data (whether as a prompt or files) into any artificial intelligence tools. If and to the extent expressly authorized by BAE Systems pursuant to this paragraph, Supplier agrees that it is wholly-responsible for the accuracy and completeness of any output generated by artificial intelligence tools, and that BAE Systems' rights in the Work otherwise granted under this Contract are unchanged by the use of any artificial intelligence tools. Supplier further agrees to identify the portion(s) of any work generated by artificial intelligence upon request from BAE Systems.

44. FURNISHED/ACQUIRED/FABRICATED PROPERTY

- a) BAE Systems may provide Supplier with property owned by either BAE Systems or its Customer ("Furnished Property") or require Supplier to acquire ("Acquired Property") and/or to fabricate property ("Fabricated Property") specifically for Goods under this Contract (collectively "All Property"). BAE Systems authorizes Supplier to use All Property only for the performance of this Contract, unless authorized in advance, in writing, by the BAE Systems' Procurement Representative. The U.S. Government property clause FAR 52.245-1 shall apply to all Furnished Property owned by the U.S. Government, or property that the U.S. Government may take title to under this Contract unless otherwise stated within this Contract.
- b) Title to All Property shall remain in BAE Systems or its Customer (as applicable). Supplier shall clearly mark (if not so marked) All Property to show its ownership.
- c) BAE Systems and Customer Furnished Property is provided in "as-is" condition unless otherwise set forth in this Contract. Except for reasonable wear and tear, Supplier shall be responsible for maintaining, managing, preserving, and insuring All Property from loss or damage while in Supplier's care, custody, or control, without additional charge, in accordance with good commercial practice, and FAR 52.245-1 where the U.S. Government owns the Furnished Property. Supplier shall notify BAE Systems within ten

(10) Days of any loss or damage to All Property. Where the U.S. Government owns the Furnished Property or the Acquired Property, Supplier shall also provide a report containing all information required by FAR 52.245-1 to BAE Systems within thirty (30) Days. Supplier shall support all BAE Systems or Customer investigations relative to the loss, damage, or destruction of this property. At BAE Systems' sole option, Supplier shall immediately replace, reimburse, repair, and/or provide consideration to BAE Systems for such loss or damage.

- d) All Property associated with Goods under this Contract shall be received, inspected, inventoried, processed, and reported as required by FAR 52.245-1 or 52.245-1 Alt 1, unless otherwise stated by this Contract. At BAE Systems' request, and/or upon completion of this Contract Supplier shall submit, in an acceptable form, inventory lists of All Property and shall deliver or make such other disposal as may be directed by BAE Systems.

45. INTELLECTUAL PROPERTY

- a) Warranty. Supplier warrants that the Goods and any documentation delivered under this Contract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country and are free and clear of all liens, licenses, claims, and encumbrances. If an injunction is obtained against BAE Systems' use of the Goods or documentation deliverables provided in the performance of this Contract as a result of infringement or misappropriation of the intellectual property of any third party, Supplier shall either (A) procure for BAE Systems and Customer the right to continue using the Good or documentation or (B) re-perform or modify the Goods or documentation so it becomes non-infringing.
- b) Markings. Supplier agrees that any technical data or computer software furnished to BAE Systems as a required deliverable under this Contract shall be free from confidential, proprietary or restrictive markings ("Nonconforming Markings") that are either (i) not expressly permitted by applicable regulation or published decision of applicable regulatory bodies or (ii) violate or mischaracterize ownership to any technical data or computer software owned by BAE Systems. On behalf of itself or its Customer, BAE Systems will notify Supplier, in writing, of any Nonconforming Markings and Supplier will remove such Nonconforming Markings and resubmit within sixty (60) Days after such notification. If Supplier fails to remove or correct such Nonconforming Markings within sixty (60) Days after such notification, BAE Systems may ignore, or at Supplier's expense remove or modify, as appropriate, any such Nonconforming Markings as may be on such deliverables and Supplier shall not have any recourse nor shall BAE Systems incur any liability for any such removal or modification.
- c) BAE Systems' Intellectual Property. The parties agree that BAE Systems shall maintain and have all rights, title, and interest in and to (i) any intellectual property, except intellectual property received from or provided by the US Government or in which the US Government has licensed data rights in BAE Systems' Intellectual Property, to the extent of such rights. which BAE Systems has at the inception of this Contract or subsequently develops outside of this Contract ("BAE Systems Background Intellectual Property"), and (ii) except for Supplier Subject Inventions as defined in DFARS 252.227-7038, any intellectual property conceived, developed, or generated in performance of this Contract (whether by Supplier, BAE Systems, jointly by both parties, or by any third party), including any deliverables that are the product of the work (the "Foreground Intellectual Property"). Supplier shall promptly deliver to BAE Systems full disclosures of all intellectual property developed by or on behalf of Supplier in performance of this Contract. Supplier shall provide all assistance reasonably required and execute all documents necessary to perfect the rights granted to BAE Systems. To enable Supplier to comply with the foregoing, each of Supplier's personnel, workers, representatives, agents and subcontractors providing Services under this Contract, hereby assigns all rights they have in all inventions, works for hire, and the like, to Supplier.
- d) Supplier's Intellectual Property. The parties agree that Supplier shall maintain and have all rights, title, and interest in and to (i) any intellectual property, except intellectual property received from or provided by the US Government or in which the US Government has licensed data rights in Supplier's Intellectual Property, which Supplier has at the inception of this Contract ("Supplier Background Intellectual Property"), and (ii) Supplier Subject Inventions (as defined in DFARS 252.227-7038) conceived, developed, or generated by Supplier in performance of this Contract ("Supplier Foreground Intellectual Property").
- e) Supplier Intellectual Property License. Supplier grants and agrees that BAE Systems shall have a nonexclusive, worldwide, sub-licensable, irrevocable, paid-up, royalty-free license and right, to any Supplier Foreground Intellectual Property and Supplier Background Intellectual Property, to the extent necessary to enable BAE Systems to use the Foreground Intellectual Property or perform all or its obligations under its prime contract, including but not limited to the right to use, execute, reproduce, display, perform, publish, distribute, copy, prepare derivatives or compilations and to authorize others to do so. Supplier shall provide all assistance reasonably required and execute all documents necessary to perfect the rights granted to BAE Systems herein. To enable Supplier to comply with the foregoing, each of Supplier's personnel, workers, representatives, agents and subcontractors providing services under this Contract, hereby assigns sufficient rights they have in all inventions, works for hire, project results, and the like, to Supplier.

- f) Subject Invention Disclosures. To the extent the Supplier conceives, develops, generates, or invents any Supplier Subject Inventions under this Contract, Supplier will complete and provide to BAE Systems all necessary invention disclosures or DD Form 882 (Report of Inventions and Subcontracts), as required by the federal acquisition regulations.
- g) Rights and Ownership. Except as explicitly provided herein, this Contract does not grant or otherwise give either party ownership in or other proprietary rights to use the other party's trademarks and other intellectual property for any purpose.
- h) Deliverables. Supplier hereby agrees that BAE Systems will own all physical deliverable items, in whatever medium Supplier delivers those deliverable items to BAE Systems under this Agreement.

Section D: Indemnification and Liability

- a) SUPPLIER SHALL INDEMNIFY, HOLD HARMLESS AND AT BAE SYSTEMS' ELECTION, DEFEND BAE SYSTEMS, ITS AFFILIATES, AND ITS AND THEIR DIRECTORS, OFFICERS, EMPLOYEES, REPRESENTATIVES, AND AGENTS FROM AND AGAINST ALL LOSSES, COSTS, CLAIMS, PENALTIES, CAUSES OF ACTION, DAMAGES, LIABILITIES, FEES, AND EXPENSES, INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES, ALL EXPENSES OF LITIGATION AND/OR SETTLEMENT, AND COURT COSTS (HEREINAFTER COLLECTIVELY REFERRED TO AS "CLAIMS"), ARISING FROM OR RELATED TO:
 - i. ANY ACT OR OMISSION OF SUPPLIER, ITS DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, SUPPLIERS, OR SUBCONTRACTORS AT ANY TIER, RELATED TO OR AS PART OF THE EXECUTION OF GOODS TO BE PROVIDED OR OTHERWISE IN THE PERFORMANCE OF ANY OF ITS OBLIGATIONS UNDER THIS CONTRACT;
 - ii. THE ACTUAL OR ALLEGED INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHT OR MISAPPROPRIATION OR WRONGFUL USE OF INFORMATION OR DOCUMENTS, OR THE USE, REPRODUCTION, SALE, IMPORT, OR ANY OTHER DISTRIBUTION OF THE GOODS OR DELIVERABLES BY BAE SYSTEMS OR ITS CUSTOMER;
 - iii. ANY INJURY, INCLUDING BUT NOT LIMITED TO DEATH, TO ANY PERSON(S), OR DAMAGE TO PROPERTY, ARISING FROM OR RELATED TO OR CAUSED OR CLAIMED TO HAVE BEEN CAUSED BY ACTS OR OMISSIONS OF SUPPLIER, ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, OR ANY OTHER PERSON OR ENTITY DIRECTLY OR INDIRECTLY EMPLOYED BY ANY OF THEM, WITH RESPECT TO OR IN CONNECTION WITH GOODS UNDER THIS CONTRACT;
 - iv. ANY CLAIMS MADE BY SUPPLIER'S DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS (EXCEPT CLAIMS FOR PERSONAL INJURY OR DEATH ARISING FROM GROSS NEGLIGENCE OR INTENTIONAL TORTS ON THE PART OF BAE SYSTEMS) AGAINST BAE SYSTEMS, ITS AFFILIATES AND ITS OR THEIR DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS IN EITHER THEIR OFFICIAL OR INDIVIDUAL CAPACITIES;
 - v.  - vi. SUPPLIER'S FAILURE TO PAY ANY OF SUPPLIER'S EMPLOYEES, AGENTS, SUPPLIERS, OR SUBCONTRACTORS, FOR GOODS RENDERED UNDER THIS CONTRACT, AND SUCH OBLIGATION IS PERFORMED BY BAE SYSTEMS.
- b) BAE Systems shall notify Supplier as soon as is practicable of any Claims arising under this section. Supplier shall not settle, adjust, or compromise any such claim or any action or proceeding arising therefrom without the written approval of BAE SYSTEMS, which shall not be unreasonably withheld. BAE Systems further agrees to cooperate with any investigation of such Claims and to provide Supplier any information reasonably available to BAE Systems (not of a classified, confidential or privileged nature), and reasonably necessary for the investigation or defense of such Claims, at the sole cost of Supplier.
- c) Direct Damages: If BAE Systems is assessed and is required under a contract to pay liquidated damages to any of its Customers for late delivery of a product or service and such late delivery is due primarily to the Supplier or its subcontractors at any tier, the Supplier shall reimburse BAE Systems for the full amount of such liquidated damages, within thirty (30) Days of receipt from BAE Systems of proof of the assessment of such liquidated damages. For the purposes of this Contract, such liquidated damages from BAE Systems' Customer are a direct damage. Nothing in this section limits BAE Systems' right to recover under this Contract, at law, or in equity.

- d) Supplier acknowledges that the indemnity and hold harmless provision of this Contract is not an allowable cost under any provisions of this Contract, except with regard to allowable insurance costs.

47. LIMITATION OF LIABILITY

- a) IN ADDITION TO ANY OTHER LIMITATIONS ON BAE SYSTEMS’ LIABILITY SET FORTH HEREIN, IN NO EVENT SHALL BAE SYSTEMS, ITS AFFILIATES, AND ITS AND THEIR DIRECTORS, OFFICERS, EMPLOYEES, REPRESENTATIVES AND AGENTS BE LIABLE BY REASON OF BAE SYSTEMS’ BREACH OR TERMINATION OF THIS CONTRACT OR FOR ANY BAE SYSTEMS’ ACTS OR OMISSIONS IN CONNECTION WITH THIS CONTRACT FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY KIND, HOWEVER CAUSED, INCLUDING LOSS OF PROFITS OR REVENUE, WHETHER SUCH REMEDY IS SOUGHT IN CONTRACT, TORT, OR OTHERWISE.
- b) BAE SYSTEMS SHALL NOT BE LIABLE FOR ANY OF SUPPLIER’S INCREASED COSTS OF PERFORMANCE RESULTING FROM THE SUPPLIER’S IMPLEMENTATION OF ANY CHANGES OR MODIFICATIONS IT PERFORMS OR HAS PERFORMED WITHOUT FIRST OBTAINING THE APPROVAL OF BAE SYSTEMS PROCUREMENT REPRESENTATIVE.

48. INSURANCE

- a) In the event that Supplier, its employees, agents, or subcontractors enter the site(s) of BAE Systems or its Customer for any reason in connection with this Contract, then Supplier and its subcontractors shall at each of their sole cost and expense obtain and maintain in force throughout the original term, and any extension, of this Contract (to include the warranty period), the following minimum limits of insurance placed with a company reasonably acceptable to BAE Systems, each of which shall be primary to any insurance of BAE Systems:

- b) The insurance coverage and limits required of the Supplier under this Contract are the minimum requirements of BAE Systems. These minimum requirements are neither a limit of the Supplier’s liability under this Contract, nor a recommended insurance program for Supplier. The Supplier alone should seek professional assistance if the Supplier has any question concerning its exposure to loss under this Contract or the applicable insurance coverage that may be necessary to address such exposure.
- c) Supplier shall name BAE Systems as an additional insured under each of the insurance policies required by this Contract, except Workers Compensation Insurance and Professional Liability/Errors & Omissions insurance. The Supplier acknowledges that each policy maintained pursuant to this paragraph is primary as with respect to the interest of BAE Systems and is not contributory with any insurance that BAE Systems may carry.
- d) All policies, including Workers Compensation, shall contain a Waiver of Subrogation in favor of BAE Systems.

- e) Before commencing performance under this Contract, Supplier shall deliver a Certificate of Insurance and/or actual insurance policies required by this Contract. Any Certificate of Insurance shall contain a provision that the coverage provided under the policies, as well as the policies themselves, will not be canceled or materially changed unless the insurers provide BAE Systems with thirty (30) Days' written notice of the intent to cancel a policy, or materially change the coverage provided under the policy.

49. MECHANICS AND OTHER LIENS

- a) TO THE EXTENT PERMITTED BY LAW, SUPPLIER AGREES THAT IT WILL NOT ASSERT ANY MECHANICS LIEN, OR ANY OTHER LABOR OR MATERIAL LIEN, AGAINST ANY PROPERTY OWNED BY OR IN THE CARE, CUSTODY OR CONTROL OF BAE SYSTEMS TO SECURE PAYMENT OF ANY AMOUNTS THAT MAY BECOME DUE TO SUPPLIER FOR FURNISHING ANY LABOR OR MATERIAL IN PERFORMANCE OF THIS CONTRACT OR FOR PROVIDING ANY GOODS ASSOCIATED THEREWITH. SUPPLIER ACKNOWLEDGES THAT BY ACCEPTING THIS CONTRACT IT WAIVES ITS RIGHTS (IF ANY) TO ASSERT A LIEN AND IS PRECLUDED FROM EXERCISING ANY MECHANICS LIEN RIGHTS IT MAY OTHERWISE BE AFFORDED UNDER APPLICABLE STATE LAW. SUPPLIER SHALL COOPERATE IN PROVIDING AND FILING ANY WAIVER(S) OR RELEASE(S) OF LIEN BAE SYSTEMS MAY REQUIRE. IN THE EVENT THAT APPLICABLE LAW DOES NOT PERMIT THE SUPPLIER'S WAIVER OF LIENS IN ADVANCE, SUPPLIER AGREES THAT IT SHALL NOT FILE A LIEN UNTIL IT COMPLETES THE GOODS REQUIRED BY THE CONTRACT AND WILL PROVIDE A RELEASE AND WAIVER SIMULTANEOUS WITH FINAL PAYMENT UNDER THE CONTRACT.
- b) Supplier agrees to secure releases and waivers of lien in favor of BAE Systems from Supplier's suppliers and subcontractors coincident with Supplier's final payments to them. In the event any of Supplier's suppliers or subcontractors assert a mechanics lien, or any other labor or material lien, against any property owned by or in the care, custody or control of BAE Systems, BAE Systems at its election may immediately satisfy such lien and charge all amounts (including reasonable attorney's fees) associated with satisfying such lien to Supplier and/or offset such amounts against payments owed to Supplier.

50. DEFECTIVE COST OR PRICING DATA

If Supplier and its lower-tier subcontractors: (i) submit and/or certify cost or pricing data that are defective; (ii) with notice of applicable cutoff dates and upon BAE Systems' request to provide cost or pricing data, submit cost or pricing data, whether certified or not certified at the time of submission, as a prospective subcontractor, and any such data are defective as of the applicable cutoff date on BAE Systems' Certificate of Current Cost or Pricing Data; (iii) claim an exception to a requirement to submit cost or pricing data and such exception is invalid; (iv) furnish data of any description that is inaccurate; or (v) if the U.S. Government alleges any of the foregoing, and, as a result: (1) BAE Systems' contract price or fee is reduced; (2) BAE Systems' costs are determined to be unallowable; (3) any fines, penalties or interest are assessed on BAE Systems; or (4) then BAE Systems incurs any other costs or damages, BAE Systems may make an setoff reduction of corresponding amounts (in whole or in part) due to Supplier under this Contract or any other contract with Supplier, and/or may demand payment (in whole or in part) of the corresponding amounts. Supplier shall promptly pay amounts so demanded.

51. FAILURE TO PERFORM

- a) Except for defaults of subcontractors at any tier, neither party shall be liable for any excess costs if the failure to provide the Goods under the Contract is due to fires, floods, strikes, lockouts, epidemics, pandemics, accidents, or other causes beyond the reasonable control (each a "Force Majeure Event") of the non-performing party. In each instance, the failure to perform must be beyond the reasonable control and without the fault or negligence of the non-performing party.
- b) If the non-performing party's failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is a Force Majeure Event and beyond the control of both the non-performing party and the subcontractor, and without the fault or negligence of either, the non-performing party shall not be liable for any excess costs for failure to perform, unless the subcontracted products or services were obtainable from other sources in sufficient time for such party to meet the required performance schedule.
- c) Supplier agrees that its sole remedy under this Section 51 is schedule relief, and any excusable delay is non-compensable.
